Foundation, System, Aim

EATTLE COLLEGE, conducted by the Fathers of the Society of Jesus, was founded in 1892, and received its charter from the State of Washington in 1898, with full power to confer academic honors and degrees. It is intended for Day Scholars only.

The Course of Studies and system of instruction are similar to those followed in the numerous other Jesuit Colleges throughout the United States. Among its decided advantages are its unity and completeness, so that the student need not go elsewhere for any of the studies that go to make up a truly liberal education.

This well-tried system aims at developing, side by side, both mind and morals. It does not share the delusion of those who imagine that the mere acquisition of knowledge is sufficient to build up a strong moral character. The heart must be properly developed as well as the head; and it is only a clear knowledge of man's true destiny and the practice of the religious duties which this knowledge entails, that will purify the heart and hold the will to virtue and duty.

Religion is, therefore, an essential part of true education; for to exclude religion from education is to cut off from the soul of the young the deepest and purest springs of intellectual and moral life. Hence religious instruction holds an important place in the curriculum of all Catholic Colleges.

The great need of Seattle College, in order to attain this high end, is new and more commodious buildings. The Jesuit Fathers look to the friends of higher Catholic education to enable them to do in Seattle what is expected of them and what they are actually accomplishing in other cities. A well-located site has already been procured. When the necessary funds can be gathered, extensive buildings will be immediately begun.

GENERAL REGULATIONS

Admission—No student will be admitted to the College who does not reside with his parents or immediate relatives, or, if this be impossible, with persons duly approved by the President of the College. Those who come from other institutions must show certificate of honorable dismission.

Candidates for admission must pass an examination on subjects previously studied by the class they propose to enter.

Students not of the Catholic faith are expected to conform respectfully with the order of the College in the customary religious exercises.

Withdrawal—Parents who wish to withdraw their sons before the end of the school year are requested to give due notice of their intention to the Vice President. Many inconveniences will be thus avoided. On leaving College, students should take their books and other belongings with them, as the College is not responsible for any articles left behind.

Monthly Reports—A report is sent each month to the home of every student, to be signed by his parents or guardians. As these reports indicate exactly the student's class standing, the College requests that they be very carefully examined, signed, and afterwards returned to the Professor. Should these reports not be forthcoming, parents or guardians should consult the Vice-President as soon as possible.

Weekly Notes—Once a week, the marks of all the students for conduct and application to study are read in the classes. These marks are based on general behavior, both in and out of class and on the care bestowed on daily lessons and exercises.

Marks-A student's proficiency is denoted as follows:

One hundred per cent. indicates perfection; ninety-five per cent., excellence; eighty-five per cent., good standing; seventy per cent., tolerable conduct or barely satisfactory studies; below seventy, unsatisfactory conduct or studies. Testimonials—A testimonial of good conduct and application to study is awarded each month to students whose weekly marks have averaged ninety per cent. and over in each point. Parents should require these testimonials as evidences of good behavior and earnest study, and see that their sons merit them.

Prizes—Prizes are awarded at the Closing Exercises for general class excellence and for highest standing in the various branches.

The following are the four points which determine the gaining of prizes:

- I. Class percentages from September to January.
- II. The Mid-Year Examinations in January.
- III. Class percentages from February to June.
- IV. The Final Examinations in June.

Each counts one-fourth.

Promotions—Promotions are determined by the same Points as Prizes. For promotion, an average of seventy per cent. for the year is required in the principal branches taught in each class. The following are deemed principal branches: Christian Doctrine, Latin, Greek, Mathematics, English, Philosophy, Physics and Chemistry.

Degrees—The degree of Bachelor of Arts is conferred on those who, after obtaining a yearly average of seventy per cent. in each of the studies of the College Course, are found deserving of this distinction after an oral examination before the Faculty.

Home Study—The attention of students and parents is specially directed to the important duty of home study. Since recitations in the various branches fill up almost all the school hours, it is very difficult to advance, and utterly impossible to accomplish the work laid out for each year, unless the student devotes at least two hours daily to class study at home. Parents are exhorted to insist on this indispensable duty, and to inform the faculty, should their sons neglect it.

Punctuality—After home study, the next duty which should claim the attention of students and the vigilance of parents is punctuality. Severe illness, or absence from the city is, generally speaking, the only excuse admissible for staying away. Whenever parents keep their sons at home, on account of sickness or for any other good reason, they are requested to send word to the Vice-President. Frequent absence so rapidly lowers a student's class standing that it is preferable he should be withdrawn entirely.

Attendance the Whole Day—Owing, moreover, to the serious inconveniences resulting to professors and students from breaking in on class hours by withdrawals before the end of the afternoon session, permission to leave the premises will not be given, unless for reasons deemed imperative by the Vice-President.

If parents do not insist on home study and punctual attendance, or allow other work detrimental to studies, they need not be astonished if their sons remain a second year in the same class, or perhaps be refused readmission.

Tardiness—The College is open at 8:15 A. M. All are urged to be present by 8:30 to assist in a body at Mass. Class begins precisely at 9 o'clock. A student arriving late must report at once to the Vice-President, and may not enter class without a note from him.

Excuses for Lessons—Written excuses for lessons or exercises fall under the same rule as notes for absence; a student not prepared to recite is considered as morally absent, and is marked accordingly. Such excuses are to be handed to the Vice-President, who will decide whether they are to be admitted or not.

Politeness—Along with moral and mental training, great stress is laid on the development of gentlemanly manners, and a practical regard for the rules of politeness is considered an important part of true education. Whatever, therefore, is contrary to good breeding, is out of place in the College. Consequently, no boisterous conduct or rough play is tolerated on the premises, and silence is strictly enjoined in the class rooms, in the corridors and on the stairways leading thereto. Any ungentlemanly conduct among the students themselves, or any disrespect or insubordination to a professor or officer of the College, will be visited with condign punishment, and even with dismissal, should the gravity of the offense require such a penalty. All are expected to be neat and clean in person and apparel.

Punishments—For faults of ordinary occurrence, such as occasional tardy arrival, failure in exercises or recitations, or slight violations of rules, detention after class or the task of writing or memorizing some lines from an author, is deemed a sufficient penalty. For faults committed outside the premises, the officers of the College are not responsible; still, should any serious charge be fairly substantiated, the guilty will be punished according to the gravity of the offense.

Damages to the College property will be repaired at the expense of the offender.

The use of profane language will not be tolerated, and anything bordering on immorality will expose the offender to immediate expulsion.

Recreation—During the morning and afternoon recess it is not permitted to leave the College grounds. At the noon hour only those may leave whose parents so desire and have duly notified the College authorities. The weekly holiday is Saturday.

Expenses

As the College is not endowed, it is entirely dependent for its support on the fees paid for tuition. These are as follows, payable in advance:

College Course, per month	\$5.00
Academic Course, per month	4.00
Preparatory, per month	3.00

An additional fee of One Dollar per month is charged in the classes where branches of the Commercial Course are taught.

A fee of Ten Dollars is charged for each Academic degree.

Laboratory work entails an extra charge of Ten Dollars a year.

Instrumental music and private training in vocal music, for which special arrangements must be made with the Prefect of Studies, entail an extra charge of Fifty Cents per lesson of one-half hour. The orchestra fee is One Dollar per month.

COURSE OF STUDIES

Experience shows that the ancient classics hold first place as the most efficient instruments of mental discipline. As the studies of the College are designed to impart a thorough liberal education, hence the Classical Course is followed. It is divided into two principal departments, the Collegiate and the Academic, to which is added a preparatory division for such as have not yet completed the grammar grades.

- I. The College Department furnishes the usual four-year course of studies leading to the degree of Bachelor of Arts. It embraces the Senior, Junior, Sophomore and Freshman classes. The instruction consists in a systematic study of the English, Latin and Greek Languages and Literatures, Higher Mathematics, Natural Sciences, History, Mental and Moral Philosophy, and an advanced course in religious instruction.
- II. The Academic or High School Department furnishes a four years' course, so graded as to form a preparation for the College course. It embraces the study of Christian Doctrine, English, Latin, Greek, Algebra, Geometry, Modern History. Provision is also made for the Commercial Branches and Modern Languages as optional studies.

The **Preparatory** or Grammar School Division corresponds about to the seventh and eighth grades of other schools, and covers all the studies usual in these classes.

Facilities are also offered for the study of music, vocal and instrumental.

SOCIETIES

Seattle Association of Jesuit Alumni

Some years ago, graduates and former students of various Jesuit Colleges formed themselves into an Alumni Association. Its object is to promote friendship and mutual assistance; to perpetuate the pleasant relations that have existed between the members and the Jesuit Order; to promote Catholic interests, and especially those of Catholic education. The following board of officers was elected at that time:
