# My Institute

If I had a ~~travelling~~ ~~baggage~~ ~~for~~ M. Teachers  
or Parents or a place to visit parents I  
wants have a house or part of a house  
fitted up as disproportionate to the adult  
as our adult's is to the children.

Every time a student wanted to go  
out I would ~~in~~ I would hang the students  
hats & coats about on pegs about 20 feet  
high, so that every time they wanted to  
go out they would have to jump for them  
or go drag an enormous chain to the wall  
to land up on it to reach their headgear over

their hands & violently thrust their arms into  
the sleeves. Similarly their spoons & forks at  
table would be snatched out of their hands  
& the food almost violently ~~for~~ & lipped into  
their mouths in the middle of a sentence  
in the conversation. If they went to an art-  
gallery & stood watching a picture with  
special delight their attendants would  
seize them by the arm & remorselessly  
drag them forward - like Stevenson's nursemaid  
who did nothing but looking at the waling-cart.

If any of these adults were scientifically  
inclined, & were absorbed in some
