## Full-Length Research Articles

---

This section of the journal is dedicated to full-length research projects in any discipline. These might be final essays for a class, a capstone project, a study abroad essay, an independent study, or any multi-authored papers for which the student contributor is first author. We have chosen not to separate these essays into disciplinary divisions, but we do indicate the major field of study for each author. These essays have been chosen for their academic promise, for their participation in Seattle University's vibrant research community, and for their representation of majors across the university.
