A word to the wise is sufficient. The Spectator announces that it will support no particular candidate for the coming student election of president for next year, but we have several spaces open for advertising and it might help influence the Spectator staff if all those running were to insert an ad. In fact, we assure a generous write up for each candidate in proportion to the size of the political donation. No personal contribution for the private use of the staff will be turned down. Right this way, men, slap down your dollar bills.

Bob Richards and Bob Simmons were having a friendly "lunchroom" fight on the side stairs. While we are on the subject of the dance, there is a mystery abroad. Jim Flajole, mind you this is what he said, started off to the dance, picked up his girl, and then took up his way again. Did he get there? He doesn't know. How did he spend the evening? A puzzle. What time did he get in? Still a puzzle. Did he get in? Well, he didn't know, but at least he was home the next morning. It could have been that he never left, but doubtful witnesses say he did. Anyone knowing of his whereabouts please telephone Jim directly. Jim has announced that he will pay a generous reward not to make any knowledge of his evening public.

### Drama Guild **Promises Best** Production

Soft music plays suggestively in the background, the lights dim, and the curtains part on a beautiful scene of the year 1860. It is an old English garden on a warm Spring afternoon. Two elderly gentlemen, John Carteret and Dr. Owen Harding, played by Charles Weil and James Scanlon, are indulging in their favorite pastime of dominoes. John, lulled to sleep by the gentle breeze, nods his head in the sunshine. Owen, impatient to be on with the game, wakes him with a start, and the first act of "Smilin'

Quickly the action builds up. John is heartbroken to discover his beloved young ward, Kathleen Dungannon, Betty Williams, in love with the son of Jeremiah Wayne, his hated enemy. Sternly he forbids her to see Kenneth, Frank Elliot, and orders the boy out of his house forever. Kathleen is desolate, and to console her, John tells her of his own unhappy romance fifty

We come to the second act and see the same garden, but decorated as if for a wedding. It is the night Says Mr. Carroll yeen Clare, Mary Buchanan, are to be married. Invading the happy grounds comes drunken Jeremiah Wayne, a rival suitor for Moonveen's hand. He calls for her and mind, leaves. John comes in and finds Moonyean crying. He consoles her in a beautiful scene of gay young love. But the maddened Jeremiah comes back in a frenzy of tharted rage. Pulling out a revolver (Continued on page four)

### **Exciting Action** Rules Plot In College Play

Thursday and Friday, May 5 and 6, have been set as the dates for the Seattle College drama guild's production of the famous play, "Smilin' Through."

#### Beautiful Sets

Under the skilled hands of Bill Thoreson and Joe Russell, the little old-fashioned house and garden which serve as the scene of the "Smilin' Through" action are rapidly nearing completion. Russell and Thoreson have worked busily a-day fashioning a romantic setting for the beautiful love-story of Moonyeen and John (better known as Mary Buchanan and Charles Weil).

Next Thursday and Friday, the parted curtains will reveal the finest setting ever constructed for a Drama Guild production: a tiny cottage, green grass, flowers, and a wall with garden gate. Here, in this idyllic setting, the story of "Smilin' Through" unfolds.

#### **Authentic Costumes**

Against this background, Mary Buchanan and Janet Granger will stroll in beautiful organdy hoopskirts, reminiscent of earlier fashions; while Betty Williams and Ellen McHugh will be garbed in the very modern style of 1914. Frank Elliott, Jim Scanlon, Chuck Weil, and Mike Siemion will play their parts in trousers and ruffled shirts in vogue sixty years ago. These authentic costumes are the work of Lisle Macdonald and her very generous mother.

Support Asked

In view of the painstaking preparations for the success of "Smilin' Through," Mr. Bischoff yesterday stated that he "hoped every College student would co-operate in making the play a financial success by buying and selling tickets." To facilitate ticket sales, Mr. Bischoff mailed four tickets to each of at least two hundred tickets? He expressed the home that every student would sell at least these four

So it is that this second Sunday of May is annually set aside to remind us of our filial duty and to give us an opportunity to show our love and devotion. A love and devotion that is well earned!

"For the hand that rocks the cradle is the hand that rules the world." Whatever we are, whatever we may be, we owe to our mother.

Unlike growing numbers of misguided American women who cowardly shirk their god-given privilege, she has bravely gone down into the valley of death that we might have life.

And now that we have taken on a man's status, it is often her faith and confidence that is our only sustaining prop in a cruel, challenging world.

She has done so much for us. Let's try to pay her back a little, while we still have her with us. There is nobody like our mother, and we have only one.

"Wisconsin's La Follette Has Erroneous Views On Work Relief," Says Ob.

Senator LaFollette of Wisconsin laid responsibility for the present business decline at the door of the New Deal recently, by asserting that because of its policy of prematurely laying off men from its work relief program, the national administration caused the process of recovery to halt midway in its development. The Senator believes that had a well-integrated program been carried on, we should have continued toward prosperity without experiencing the present set-

#### Forced Labor

It is interesting to conjecture upon what the Senator means by a well-integrated program. Surely he does not mean that a certain part of the working population must forever be confined to what amounts to forced labor so that the rest of the national economy may continue toward prosperity.

Even national prosperity is too high a price to pay for the forced labor of even a few of the working population, for forced labor borders upon slavery, and it is quite possible that it would increase to such society with the taint of a servile Scribe Unveils an extent as to color the whole of passed from a free state to a slave Senior Scandal state, in spite of our democratic constitutions. ### A Man's a Man For A' That

Correction: Last issue Maurice O'Brien was named as a founder of a lunch time discussion group. It should have been Maurice Sullivan, who was quite huffy about the whole matter. Not to mention how Mr. O'Brien was.

Before this next item, we wish to explain our stand. Now we're not stuffy as far as Women's suffrage goes and all that sort of thing, and we have no personal issue to air, but it's high time, hightime. About Miss Jane Doherty, we mean. Now, she's a model student, girl, and all that, but when she becomes a lawyer-ess, it's (as we said) high time. If you've ever attended a debate in which Miss Doherty participated, you know what we mean.

Gifted with facile use of sly rhetoric, she not only misuses this power in cowing opponents, but will stop at nothing to gain the upper hand. On a memorable occasion she even falsified scripture to win the contest. So it was to be expected when she won the Gavel club's trial as counsel for the plaintiff, Joe McMurray. Equally to be expected was the fact that the documents that won the case were flagrant forgeries. (Yes!)

But you should see Mr. McMurray. You'd think HE lost the case. Not only has he been unable to collect the award of the court, but he is also plagued by Miss Doherty screaming for her fee. Even on the night of the trial he had to feed her ice cream, hardly even having time to receive congratulations as she pulled him out the door. She threatens to sue for libel and promised dire things. But we seen our duty and we done it. Public opinion will do the rest.

Mystery of the week. Miss Helen Carey is the possessor of the little quandary this time, spending a good deal of her time in it lately. It seems Louis Sauvain called her "one punch." Not that she's particularly indignant, but mighty puzzled. Lou remains adamant, won't explain, just leers and repeats the appellation. Miss C. is eaten up with curiosity and please, would anybody what knows the answer explain?

Tony Daigle recently vowed German class members by appearing with his hair neatly parted down the middle, a style which is funny if you even know Tony, without having seen him so arrayed. Tuesday he was about to get into his automobile (remind well gasp, my friends, and gasp everything from blackouts to short us to say something about that vehicle sometime) when he spied a yellow slip clipped under the swipe.

Hastily he scurried around to get the slip, fearing the worst. It read, "Special today, get a \$3.00 Marcel FREE. Tony is still trying to figure things. "I wonder," says he, "do you think it was really free?"

### CHIEFTAIN CHATTER

By Bill Bates

With the comparatively poor showing of the Seattle Rainier's in the opening series in the Queen City, the grandstand managers are beginning to rumble and rant for the neck of Manager Jack Lelivelt. It is rapidly be-coming apparent that the Seattle ball fans, although willing to support team, must support a winning club . . A resume of the last few managers of the newly named Rainiers shows that the fans just can't be pleased-George Burns was a fighter—he was fired; Dutch Reuther was a soft spoken, calculating manager and a smart ball player with very little color—the axe fell on him; Spencer Abbott was an arm-waver and hair-tearer-outer—the fans soon lifted his scalp; Johnny Bassler was a friendly cuss and a real ball player-disorganized club lost under him and he went the way of all Seattle managers. Now we have Jack Lelivelt, a never-say-die type of ball player who plays hunches and has a formerly lethargic ball club hustling all the time-and the fans are "agin" him. Well, that's Seattle, but to this writer's mind—you must be good to get the likes of Big Mike Hunt racing around left field like a zephyr and pulling in fly balls in a manner tht makes Bill Lawrence envious . . . For my money the present Seattle leader is as good as any manager in the Thumbnail Sketch

After much stalling around and passing of buck, it has again been brought to my attention that the college is without an indoor league. Altho very scant attention was given former announcements concerning a kitty-ball league we'll try again to get one started. For that purpose it is our hope that the presidents of each class, (or a representative) will see this writer at 10 o'clock Monday in the Spectator room. We tried to start a free-lance league fashioned after the Lunch Bucket basketball conference but there were only three captains, so we'll attempt an inter-class tourney. Rivalry should be greater and competition keener under this plan, and with any kind of cooperation from the class prexies, we'll promise an opening day not later than next Thursday.

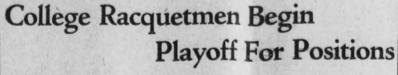

To our mind, this league should form itself but since some kind of organization is needed, we'll take it upon state in their first matches, a few ourselves to furnish same. Let's get going on that tourna-

ment right away.

Once again-all class presidents see this writer at 10 o'clock Monday in the Spectator room and we'll talk versity is expected to meet that it over and draw up a schedule.

Total receipts ranged from \$2,-660 to \$16,213, he reported, but expenditures ranged from \$3,829 to \$18,050. Just two of the 22 show a surplus at the end of the season, and one of these was for only \$79. Deficits revealed were as high as

## **Badminton Fans SC Lettermen**

Strangely enough, badminton, which to many of us is a comparatively new game, has been played in England since 1873, and before that in India. Its name was taken from that of a village in Gloucestershire, England. The Badminton Association in England was founded in 1895 and a code of rules drafted. These rules apply to the game as played today in America and other countries where the game is played.

The badminton club at school has some twelve members who are following the game with much enthusiasm. They are at present playing in the court at the K of C hall where an intra-club tournament is scheduled to start this week. Those fullback, Cassiano and Stebbins at starting in the preliminaries are the halves and Chickerneo, quarter- Robert Simmons, Tom West, Doug Murray, Jim Flajoe, Charles West, one of the best backfields in foot- Don West, Jim Dawson, Morris Sullivan, Bud Bader, Bob Erns dorff and Ernie Tardif.

The Seattle Ski club meets today at 10 o'clock to wind up details for their big week-end trip to Paradise valley. The dates of the excursion are Friday, Saturday, and Sunday, May 13, 14, and 15.

Club prexy, Bob Hiltenbrand, wishes to emphasize the fact that there must be at least thirty skiers going. He invites all college students and their friends. But he declares that the full quota must be signed by Monday, May 2, or, it will be necessary to bring in outsiders. Total expenses, excluding meals, amount to \$4.50, \$3.00 for the bus trip and \$1.50 for two night's lodging.

Any club officer will receive applications for places on the trip. Officers are Bob Hiltenbrand, Betty Williams, and Fred Sexton.

In a further statement to the press, Bob said, "This week-end first big excursion to Stampede the usual twenty-minute halves. pass. Conditions are still grand at for a big crowd to enjoy them."

One stripe sweater earners include Joe Merrick, high scoring freshman who is now playing baseball with Pacific Fruit; Jack Miller, small fighting forward from Yakima (that spot on the map); his lanky roommate, Ed McNiece and Lou Souvain who is at present devoting most of his time to the tennis courts.

A sweater also has been awarded Ed "Doc" Sweitzer, veteran manager whose excellent work has been appreciated by all those who turned out.

With Phillips the only graduating senior, next season looms very successful if all the players return. Other squad members who will be back next year include: Jim Walsh, Eldon Styer, Bob Deschamps and Bill Bates.

Emmet Lenihan brought women students yelling for the floor when he asserted in the sodality meeting held Tuesday, April 26, that women go to college to pursue husbands and not to pursue learning. Jane Doherty then began a defense tirade which brought blushes even to Lenihan's face. She said that most college men have little money with which to support a wife and that they show little promise of reaping a substantial salary for years to come after graduation. Besides, she remarked, it would be foolish for any girl to spend large sums of money for a college education in pursuing husbands when she could enter the business world and much more cheaply vamp an him anyway-he can't wait for the eligible bachelor who had a very lucrative position. She insisted that a career was the primary purpose of a woman's desire for a college education. Her argument was bolstered by the speeches of several other women students.

At the same meeting discussion was opened as to whether people are ashamed of being good. This idea was immediately pooh-poohed because it was argued that those who work hard enough to be good knew we shouldn't have wasted so wouldn't be ashamed of their work.

Tom Delaney gave a talk on the meditations on the Rosary.

In choosing a definite program we must first of all reject both communism and fascism as possible solutions, for both proceed from the same false principle, that in order to benefit society by making the economic structure workable, it is necessary and desirable to completely subject the individual to the power of the state. Fascism attempts to guarantee the future by freezing to the past, while communism hopes that out of barbarism will come some sort of utopia.

Whatever the plan, it is certain that just as it was impossible to revive a decaying feudalism when its foundation had rotted away, likewise it will be impossible to revive the old and now decadent capitalism as we have known it.

late-for Moonyean had leaped in front of her bridegroom and taken the fatal bullet. She dies in a never to be forgotten scene of tender farewell.

John, broken up with emotion, here stops his tale. But Kathleen, although deeply sympathetic, still retains her love for Kenneth. Dr. Harding sides with her, and the curtain goes down to leave John bitter and alone.

The third act brings the story to a happy and lovely concision. The lights are lit and the crowd begins to leave the theatre.

Mr. Bras, director of the play, remarked in an exclusive interview to the Spectator, "I sincerely believe this is by far the best production the college has ever put on. From the stand-point of both story and portrayal, "Smilin' Through" surpasses all our previous efforts."

The story is an old one. But it has come down through the years fresh and ever new as it's themethe undying love of a man for a woman. Staged many times, it has become a tradition in the theatre. Actors love "Smilin' Through" and will always continue to play it to audiences that appreciatively laugh and cry.
