A TRADITION OF EXCELLENCE

COMMENCEMENT

June 12, 2023

Dear Graduates,

Congratulations on your graduation from Seattle University.

This moment comes as a fulfillment of your academic dreams and a great deal of hard work. I hope the day affords an opportunity to reflect on life-changing experiences, on the many challenges that you have experienced and that - in reaching this milestone—you have overcome. Above all, I hope this is a day for celebrating your achievements with family and loved ones.

Seattle University's mission statement dedicates us "to empowering leaders for a just and humane world." Those words are emblazoned on a wall outside my office. Contained within it are so many powerful hopes, for you and for the world.

For you, our hope is that the education you have received at Seattle University will empower you and that your experiences here, inside and outside the classroom, have given you the tools to become even more effective in your leadership. For the world, our hope is that—as Seattle University graduates—you will take those tools and deploy them in the service of others, helping to bring a more just and humane world into being.

There has never been a greater need for those with technical skills in engineering, science, business, law and healthcare to embrace ethics; and those with humanities backgrounds to harness the power and possibility of data science. Our hope is that you will become leaders in seamlessly merging innovation with humanity—in your workplaces, in your families and in your communities. And, of course, our hope is that you will remain connected with Seattle University as dedicated and engaged alumni of this remarkable academic community.

Again, congratulations! I offer my gratitude and prayers for you as you move on to the next stages of your lives and educations.

Respectfully,

Eduardo M. Peñalver, JD

ABOUT SEATTLE UNIVERSITY

Founded in 1891, Seattle University is a Jesuit and Catholic university dedicated to educating the whole person, professional formation and empowering leaders for a just and humane world.

Our holistic educational experience embraces each student's individuality and unique lived experiences. It starts with our exceptional faculty and staff, who care passionately about each student. Within and outside of the classroom, Seattle University's students engage in deep learning and rich experiential opportunities that nourish, open and challenge their minds and hearts. From a vibrant and green campus in one of the world's most progressive, high-tech regions, our students are encouraged to not only envision their purpose in life, but to begin making their impact felt. And they do.

"The primary way we live our Seattle University mission is through our students and alumni," says President Eduardo Peñalver. The 80,000+ alumni around the world who call themselves Redhawks are at the forefront of positive change, living out the values of Seattle University, combining innovation with humanity and bringing creative solutions to the world's most pressing and persistent challenges.

Today we welcome you as our newest alumni, and with pride in what you already have accomplished, we anticipate with great hopefulness the difference you will make in your professions and your communities.

UNDERGRADUATE SPEAKER**

Douglas D. Baldwin, Jr.

Graduating from Stanford University with a bachelor's degree in Science, Technology and Society, Doug Baldwin signed with the Seattle Seahawks as an undrafted free agent in 2011 and went on to a stellar professional football career. Two-time Pro Bowler and the Seahawks' third all-time leader in team receptions, Mr. Baldwin was a key contributor during his eight years with the team, including their Super Bowl XLVIII victory and multiple playoff runs. Today, Mr. Baldwin is a business leader and a champion for social justice. He is founder and CEO of Vault 89 Ventures, a Renton-based capital venture firm that invests in people and ideas that deconstruct barriers historically displacing many in our communities, as well as CEO of Ventrk, a health-and-lifestyle-focused software company. Extensively involved in the community, Baldwin serves on the board of directors for Valor Worldwide, which provides resources and services to the military community. He helped establish and currently serves as a member of the board of directors for the Players Coalition, an NFL-player-led organization advocating for criminal justice and education reform as well as the state's Clemency and Pardons Board, which reviews criminal cases and provides recommendations to Governor Inslee regarding potential parole status of eligible inmates. Among other awards, he has received the Martin Luther King Jr. Medal of Distinguished Service and the Paul G. Allen Humanitarian Award.

**HONORARY DEGREE RECIPIENT
GRADUATE SPEAKER**

Việt Thanh Nguyễn, PhD

The speaker at our graduate ceremony, Dr. Việt Thanh Nguyễn, is an award-winning author and professor. After graduating from Bellarmine College Preparatory, a Jesuit high school in San Jose, he earned bachelor's and doctoral degrees from the University of California, Berkeley. Dr. Nguyễn currently serves as the Aerol Arnold Chair of English and Professor of English, American Studies and Ethnicity, and Comparative Literature at the University of Southern California.

Dr. Nguyễn's debut novel, *The Sympathizer*—which explores themes of caste, education, war, identity and loyalty—earned the 2016 Pulitzer Prize for Fiction, among other accolades. He was selected as a 2017 MacArthur Foundation Fellow, also known as the “genius grant.” A prolific author whose writings have received numerous awards, Dr. Nguyễn's other works include the short story collection *The Refugees*, as well as *Race and Resistance: Literature and Politics in Asian America* and *Nothing Ever Dies: Vietnam and the Memory of War*. Addressing themes surrounding race and ethnicity, Dr. Nguyễn gives voice to the lives and cultures of refugees, especially Vietnamese refugees. He serves on the Board for the Pulitzer Prizes and the International Rescue Committee, is actively involved in promoting arts and Vietnamese culture and the study of how cultures, peoples, capital, and ideas flow between Asia, the Americas and the Pacific Islands.

HISTORY OF THE CAP AND GOWN

American academic costume—also known as the **academic regalia or dress**—has its origins in ancient European universities. The caps, gowns and hoods universally worn by faculty and candidates for degrees at graduating exercises are a costume dating back to the 12th century. In medieval days the scholars were clerics who wore long cassocks; the buildings were cold, and capes and hoods were required for warmth.

As colleges and universities were founded in the United States they adopted the three principles of academic dress—gown, hood, and cap—from their European counterparts. Although some common standards and practices were observed, no uniform code or system existed until late in the 19th century, when **three styles of gowns** were adopted: a bachelor’s gown, a master’s gown, and a doctor’s gown. The differences in these gowns are mainly in the cut and shape of the sleeves and in the trimming. The gown worn for the bachelor’s or master’s degrees has no trimmings. The gown for the doctoral degree has velvet down its front and three bars of velvet across the sleeves in the color distinctive of the faculty or discipline pertaining to the degree.

The **hood** resembles an inverted medieval shield—worn on the back instead of the front of the body. The shell of the hood matches the black or red material of the gown and is lined with satin of the color or colors of the institution conferring the degree. The velvet bordering of the hood is a color reflecting the field of learning to which the degree pertains.

The Oxford cap, an earlier name, was a symbol of privilege worn by freed slaves in ancient Rome; the academic cap today is a sign of the freedom of scholarship and the responsibility and dignity it carries. Old poetry records the cap of scholarship as square to symbolize the book; other authorities claim that the mortar board or cap is a symbol of the masons, a privileged guild.

Prior to the actual conferring of the degree, the tassel is worn over the right eye and once the degree is conferred, the tassel is moved to the left eye.

THE COLOR FOR EACH FIELD OF LEARNING

THE SEATTLE UNIVERSITY SEAL

HISTORY OF THE SEAL

Seattle University has had a formal seal for more than a century. During this time the seal has evolved through three changes. Each change has increased the impact and clarity of the symbolism of the seal. The seal has also changed to reflect the evolution of the university from Seattle College to Seattle University. The origin of the original seal is not known, but there is some indication that it was designed by the late James Brogan, S.J., pastor of St. Joseph's Church; Father Brogan was instrumental in designing the seal of Gonzaga University as well. Sometime before 1956, the seal was refined by Neil Meany, S.J. The current refinement of the university seal was designed by David Balzer, Seattle University creative director and formally approved by Seattle University President Stephen V. Sundborg, S.J., in July 2003. The current seal was updated to reinforce the Jesuit tradition of Seattle University and to recognize the university's location in the city of Seattle and the Northwest.

EXPLANATION OF SYMBOLS

THE EAGLE

At the top of the emblem is an American bald eagle, from the great shield of the United States.

THE TWO WOLVES HOVERING OVER A HANGING POT

In the upper left quadrant are two wolves (one representing the house of Onaz, the second wolf the house of Loyola) hovering over a hanging pot, the traditional symbol of the generosity of the Loyola family.

IHS

In the top right quadrant of the shield are the letters "IHS," from the first three letters in the Greek spelling of Jesus and of special significance to members of the Society of Jesus.

THE NORTHWEST

In the lower left quadrant of the shield is a stand of western hemlocks, the official state tree of Washington. In the background is the snow-capped peak of Mt. Rainier. This identifies Seattle University with Seattle, the state of Washington, and the Northwest.

THE SEVEN RIBBONS

In the bottom right quadrant are seven diagonal stripes representing the awards for valor made by the King of Spain to the house of Onaz. The wolves and the ribbons of valor are devices common to the official seals of all Jesuit schools.

THE "1891" BANNER

The banner located across the bottom of the seal contains the date of the founding of the university, 1891. This date represents not only the founding, but also the university's long tradition of Jesuit education and academic excellence.

THE UNIVERSITY MACE

Historically, the mace was a heavy staff, often spiked, used especially in the Middle Age for breaking armor, in other words, a club used as a weapon. Later it became a staff borne by or carried before a dignitary as an ensign of authority. Ceremonial maces often retain some trace of their war-like ancestry with the spikes giving way to precious metal and jewels. The current Seattle University mace is made of wood with the University seal etched in metal at its tip.
