 The Girls' Club hopes that you will all accept their invitation to skate smoothly—or slip and slide—at the roller skating party next Tuesday evening. You are asked to buy your 10 cent ticket (incidentally, the man at the door will request 27c, but that's beside the point) from one of the co-eds on the committee. Indubitably you have already come in contact with said committee, but we shall list their names nevertheless so that you won't have any excuse. live-wire ticket committee headed by Biff Fallon will be only too happy to help you.  The Hi-iu Coo-Ley Club— verbally translated from Indian to mean "plenty walking" started the fall hiking season with boisterous, indomitable spirits ... showing itself when a downpour of rain the last mile back to the Su-quamish ferry failed to dampen their spirits-only their clothing.

To add a novel touch to the hike home Father Logan instigated the idea of a haunted house. A deserted two-story abode complete with cobwebs, creaking stairs and layers of dust offered the inspiration and ideal setting. Among the first to brave the dangers of the weird interior were Bob O'Gorman and Dick Bammert who excitedly exclaimed that the ghosts threw a stove at them.

Wnen the group first heard the mad commotion and blood curdling screams, they came to the conclusion that no ghosts could be so decidedly alive. The majority of the voices, boos, and yells sounded oddly enough as if Andy Prouty were having a jam session all his Knowing Andy Prouty as they did, the crowd was fully aware that he as no supernatural spirit. Discovering the hoax, the trembling hikers staggered on. Inci-dentally the next hike will take place a week from this Sunday.

Could, perchance, the holes in Father Nichols' garden mean that a majestic tree—or two or four will loom up to grace the horizon? Of course that's only a guess, but something's afoot. Gee -in a couple of years-!

· Now that activity week is but a memory, and the last of the class elections will soon be history, perhaps these hallowed halls of S. C. will see a bit of serenity. We doubt if such will be the case, however, for the Barn Dance is but a few weeks away-and the Barn Dance is one affair where everybody takes over and goes to town. It's probably the opportunity of wearing overalls and donning a straw hat that offers the irresistable temptation and makes it a "sure thing."

### Ten High Schools **Expected From State** For Annual Affair

Ellen McHugh and Joe McMurray have been appointed by Al Plachta, president of the Gavel Club, to be co-chairmen of the annual High School Debate Tournament to be held from the 10th to the 16th of December at Seattle College. The apointments have been approved by John J. Murphy, S.J., and invitations are being extended to all Catholic high schools in the Northwest.

Letters and personal contact with the various high schools in the state are being planned at the present time with further announcements to be submitted later. Ten high schools are expected to send teams for the affair. Each school may send any number of teams they wish.

The date will be some Saturday during the first part of December. Members of the Gavel Club will act as hosts and hostesses to the invited debaters. Competition will start in the early morning and continue all day. A party will be held in the evening to conclude the convention.

In addition to debate, there will be an oratorical contest The winner of this event last year was Jack Cannon, of Seattle Prep and now attending the College.

Says President Plachta, "This should be a wonderful build-up for the College and it is hoped that we can create an active interest in this school by high school students who may later attend here.

## **Activity Week Success,** Now Annual Event, States Ad Smith

Activites Week was a huge sucicess to all who participated in the events. It was well received in spite of its newness at S.C.-as quote Ad Smith: "I thought it was successful due to the fact it was the first time any such concerted drive was made to interest new students in the activities. We have seen our mistakes but will profit by them next year."

Al Plachta and his staff of photographers took pictures of all the activities through the week suits, Bill also was sports editor for the Aegis.

Activities Week began with Sodality on Tuesday night. Benediction was followed by installation of the officers. Father Corkery gave a talk on Catholic Action. After the meeting was adjourned everyone danced until 10 o'clock.

On Wednesday night there were two functions: the Drama Guild and the Mendel Club. In spite of two activities in one evening, each had a good attendance. The feature of the Drama Guild was a one-act melodramatic comedy.

The Mendel Club had Dr. Werby as guest speaker-she gave an interesting lecture on parasites. Father Beezer gave a short talk and ator were introduced to a large the committee was chosen to plan for the initiation of the new mem-

Bates was also vice president of the student body, and was recently elected chairman of the Advisory Board. He and President Smith had formulated many outstanding plans for the coming year at the College. Bill also has written the script to be used in the annual College Night presentation.

Outstanding in Bill's career at the College was his excellent work as editor of the school paper, which he greatly improved, as well as the staff he drew up and helped to train. For the first time at the College ,the initial edition of The Spectator appeared during the first week of fall quarter. This was a result of the efforts of Bill Bates. #### **Gavel Club Meeting Outstanding Event** In Activities Week

The first Gavel Club meeting of the school year was held Thursday, Sept. 28, at Seattle College. New officers and the new modergathering of former members and freshmen.

Mr. Murphy, S. J., replaced Mr. Harrison, S. J., as moderator of the organization. He introduced the incoming president, Paul Narigi, who presented the following: Vice President, Al Plachta; Joe MacMurray as secretary; Larry McDonell as treasurer.

The formalities of installation completed, the practice of a weekly debate was continued. The debators were Ann McKinnon, Helen McLendon, Joe McMurray, and Larry Mc-Donell. The question-"Resolved: That Women Go to College to Learn Pursuing Rather Than to Pursue Learning" was presented in the affirmative by Messrs. Mc-Murray and McDonell, while the negative was upheld by the Misses McKinnon and McLendon.

The negative team was voted winner with Ann McKinnon elected best speaker.

The next meeting will be held a week from the first meeting, and anyone interested is urged to attend. For, as the new moderator puts it, "Debating is an intellectual and cultural pursuit and as such is one of the most important of extra-curricular activities."

At the Board meeting, a motion to defer the selection of vice-prexy until a later date was defeated. Another motion to restrict nominations to the office to duly elected members of the Advisory Board was successfully opposed.

Ted Terry and Mary D. Sanderson were chosen to be heads of the annual College Night celebration, to be held the evening of the close of fall quarter at Providence Auditorium, at the same meeting. Their committee will be drawn up and announced later.

## Rolls Open Today For Frosh Election

Polls will be open today from 10 to 2 as the Class of '43 chooses its officers for the ensuing year. Today's elections climax a week of colorful and intense campaigning by Freshman office seekers.

Candidates for the hotly-contested presidency are Anthony Buhr, graduate of Bellarmine High, Tacoma; Joseph Eberharter of Broadway: Rechard Harris from O'Dea and John Strickland from Seattle

Jack Cannon from the Prep; Florida Perri, graduate of Holy Name Academy; Joan Sullivan of Yakima; and Donald Wood from the student also. O'Dea High seek the post of vicepresident.

For secretary, the names of Mary Murphy, Roosevelt High; Edward Powers, Seattle Prep; Peggy Rebhahn, Holy Name Academy, and Kathryn Wilson from West Seattle are offered for the approval of the freshman class.

Five contenders for treasurer include Robert Borrows, Betty Ann McKanna, Donald Nelson, William Robison, and Richard Walsh.

James Boettner, James Christensen. Charles Zeyen, and Thomas McGuire seek the position of sergeant-at-arms.

A flurry of campaign posters, fiery speeches, and political rallies have preceded the freshman elections during the past week. The Frosh have listened to everything from the assertion of the "brainy" ability of the presidential candidates to the muscular prowess of the aspirants to the sergeant-at-

Results of the elections will be posted on the bulletin board immediately after the results have been tabulated.

## Rosemary Hendricks To Marry W. James

As the biggest surprise of the week comes the news that Miss Rosemary Hendricks, popular Freshman in 1937-38 is to be married to Mr. William James, former student of Seattle Prep School. The marriage is to be solemnized at a very impressive ceremony at St. Edwards Church on Saturday, Oct. 21, at 2:30 o'clock. Directly following the ceremony, there will be a reception for relatives and friends of the bride and bride-

Mr. and Mrs. James will reside at the Sorrento after returning from a short wedding trip.

Loyalty and cooperation to school and classmates was the general theme of Seattle College's first student body meeting of the year.
With the assembly hall filled to

overflowing, the meeting was called to order at 11 a.m., Friday by Addison Smith, the new President

After the minutes had been read and a financial statement made. President Smith opened the program with a few appropriate remarks. Emphasizing the fact that Seattle College was the largest and fastest growing Catholic college on the Pacific Coast, he appealed to the incoming students to carry on the traditions of the past.

#### Officers Introduced

The newly elected student body officers were then introduced as follows: Bill Bates, vice-president; Mary Buchanan, secretary; Bill Kelly, treasurer; Bud Staake, sergeant-at-arms.

The highlight of the assembly was the address by the College president, Rev. Father Corkery S. J. His speech was particularly addresed to the new freshman

"The spirit of the student has much to do with the school," he

Rev William Gaffney, S.J., wno replaces the Rev. Francis McGarrigle S.J., was introduced to the Student Body.

The members of the Students' Advisory Board were next sworn in. They were, Joe McMurray, Louis Sauvain, Kay Leonard, Betty Kumhera, Margaret Scheubert, and Bill Berard.

This was followed by the introducing of the leaders of the various school organizations who made short speeches.

The students were urged to attend the first school mixer of the school year, in the evening and volunteer ticket salesmen for the A.W.S. Skating Party were requested.

## Pre-Medical Club Welcome Members

The Mendel Club of Seattle College met a week ago last Wednesday in the College Building with a good turnout of 60 premed and pre-nursing students. Father Beezer and Doctor Werby, both from the college, spoke at the meeting, according to Joe Legrand, who has been elected president of the club for the year.

"I was pleased by the number of new members," said Joe. "We plan to complete the initiation plans at the next meeting. We also will have a prominent doctor to speak at the coming meeting next Wednesday."

The program for the Mendel Club's next three meetings, as formulated by the officers, follows: Oct. 11, Bill Young will talk on 'Sulfanilimide, the Chemical and Medical Sensation"; Oct. 25, the initiation of all new members; Nov. 8, Dr. Frank Leibly, M. #### A Rehash—

The foundation for S. C.'s best year has been laid; the rest is up to you.

Your student body officers and the leaders of all yours clubs worked hard last week in pushing Activities Week to its culmination. All the major College groups have shown their wares. The decision is now up to you. Which club will you join? Naturally, you will all enter the Sodality.

Whatever club or clubs you choose to enter, The Spectator wishes to advise you to be prepared to be called on for active help as well as passive support. We know that the amazing Frosh class will have even now become accustomed to the spirit that is Seattle College's. Our school is not a group of students who attend classes and look elsewhere for their entertainment; we have found that our scholastic lives are made fully complete here in the halls of S. C. The advice, if it may be termed that, that we would give new students is this: don't join too many organizations! You will find your time completely absorbed by the Sodality and one other club. Don't penalize yourselves and your organizations by trying to join them

All clubs are starting to plan activities. To get the desired effect all members, new and old, must aid in their work. Get behind your club, and you'll be backing the entire school.

## **Another Reason**

Our Friend (we think he deserves capitals in light in a rose-colored chariot. A of his invaluable advice) was in a strange mood when we last saw him, and he made some strange remarks. "You know," he mused, "I often wonder whether Catholic College students realize fully what they are est. And came with a quesbeing given. . . . Some time ago I had a talk with a tion. "Who is she?" Father young intellectual' who professed belief in one of the explained, and this admirer of more odd of the non-Catholic religions, and I found myself hard-pressed to prove one part of my faith to her in a satisfying fashion."

We waited patiently for Our Friend to continue, and he didn't disappoint us—. "I was asked to prove (if I could) the existence of an objective morality. Although I had heard it discussed in class many times, it was two hours before I had satisfactorily proved it to her. . . . I'm not going into the argument, but it struck me afterwards that I had a lot of trouble in showing her just one phase of my philosophical belief. It took the full force of my Catholic College education to prove that one point. My musings led me to question how others (who don't have the benefit of Catholic education) can possibly retain their faith in this world of materialism. Unless they study deeply the tenets of scholasticism and of logical Christianity, what a meagre chance a young Catholic has in argument with a person who is set on destroying the faith of any Catholic."

When he had finished, O. F., left us to consider his words. We have put them down just as he spoke them, and there is little need to expatiate on his thoughts. Merely let it be added that the subject boils down to this: you learn proof of your religion in Catholic Colleges. If you can't prove your faith, you are not being logical. There are many ways of learning Catholicity, but the most usual way is through the college classroom. . . . To our mind, just another argument for the continuance and advance of Catholic education and thought.

# Gleanings

"Religion was for many of us the profoundest truth of our youth. Wonder held us from our first breath to our last ideal; and our awe in the presence of the inscrutable gave to our worship a depth and honesty seldom reached by the poetry of desire. Though we tremble now and then at the thought of hell, and vaguely aspire to everlasting bliss, it was not those distant things that moved us, so much as the feeling of a Divinity abiding behind all physical and changing scenes, a plan and purpose that gave logic and significance to all wants, a Father illimitably powerful and cosmically accupied, but affectionately interested in the needs and hopes of men."

"The Sign", Sept. 1939. -By Clifford Laube.

"Rules for success by a "self-made man." .

A business man who retired recently with \$100,000 in the bank was asked the secret of his success. He answered:

"I attribute my ability to retire with a \$100,000 bank balance after thirty years in the business to close application to duty, pursuing a policy of strict honesty, taking good times with the bad, always practicing rigorous rules of economy, and to the recent death of an uncle who left me \$99,999.50. "Categorica, The Sign," Sept. 1939.

"... Justice in itself is not sufficient to triumph over the obstacles and difficulties which again and again upset the tranquility which should prevail . . . When charity does not temper a justice too rigid and severe, our mental visions is too easily blinded to the rights of others and our ears grow deaf to the call of equity which, if willingly and wisely entertained could find a reasonable and orderly solution even to the most bitter and thorny questions under dispute.

European War Brings Crisis To The World

With the world in such an apparent turmoil at the present time there seems to be no choice but to talk on the war in Europe. A little less than a year ago when I started this column, I vowed not to delve into world-wide problems, I intended to write on problems directly affecting our own country and in particular our own part of the country. Why a deviation now, in subject matter? Simply thisworld problems originating in Europe knock at our very door and we must pay heed, because these problems affect not only our economic policies, but go farther and subtlely try to inculcate dictatorial political idealogies into the minds of our democratically governed citizens. Vicious propaganda floods our news agencies from both sides of the conflict and the purpose of it all is of course to get us to change our beliefs, and, as a result, change our foreign policy, so that we will no longer

(Any similarity between bona fide humor and the material in the following column is strictly coincidental and no fault of the author. The Editor.)

Our estimable Editor Bates, in one of his weaker moments (each of his moments is a little weaker than the one previous), admitted to us that he had informed S. C. Prexy Smith, in stern terms, to be very kind and obliging to the green horn' that would be around each week to learn the activities of the Student Body. A noble and charitable gesture indeed, Mr. Bates, but may we offer a few suggestions as to how Mr. Smith should welcome the g. h. reporter?

If the fellow greets you with a "Pip, pip, old boy," tell him to come back at four and have tea and crumpets with you. On the other hand, if he looks rather weak and tired, take him down to the King Nickel Cafe (lower First Avenue) and buy him a four-course dinner (20c). If he hasn't any money either, you can both spend the rest of the day enjoyably washing dishes. You might even follow the example of ex-film director Max Sennet, who always entertained the Press in a swimming pool.

These bits of hospitality will most certainly put him in a receptive state of mind.

Seattle College is an accessory to a crime, in fact, many crimes. Harsh words those, and cutting, but true; according to Seattle's Deathless Day statutes, each time someone crosses Broadway or Madison without using the yellow line crossings, it is a criminal offense. Each misdemeanor is subject to a one dollar fne. While we were recently recovering from a bad blow on the head, we figured that S. C. owes the city approximately \$15,000. We wonder what the city will do with this building if they took it as part payment?

Sam Fazzari and Vincent Emmanuel go in for extracurricula activities in a big way. While delving into the secrets of janitor work in Casey Hall, they were told to vacuum the carpet of the third floor assembly room. A short while later they fought their way out of the thick choking dust which had completely filled the room. The dirt and dust wasn't enough, though. Some "wise-guy" had to come along and point out to them that they had been using, instead of a vacuum cleaner, a revolving floor polisher.

## Reviews & Previews

By Margaret Scheubert

Would you be interested in a book if it offered you a very personal story of the Irish Rebellion, complete with the struggles and sorrows of a people, the color, pathos and humor which made up that fight for independence? "Army Without Banners" by Ernie O'Malley has all of this and more. It reads like an especially exciting adventure story.

Ernie O'Malley enlisted as a Volunteer in the Irish Republican Brotherhood and came to know the men who were the "big names" of the revolution. De Valera, Dick Mulvany, Michael Collins are portrayed as they really were-working and swearing, carrying on the work of the Republic. You see the Irish people sheltering those "on the run." And more to the point, the background and reasons for the struggle are

"Army Without Banners" is not a stiff autobiography but the very informal, human, experiences of a rebel.

"The Happiness of Father Happe" by Cecily Hallack is a very short but a very good one. It tells the story of Fath Savinius Happe and what occurred when that great but simple man was sent to the calm parish of Shingle Bay. Even the head of the Franciscan Monastery had his doubts about the unpredictable Happe. You will especially enjoy the chapter "Father Happe, Communist."

Well, well, well-here I am again. Just imagine. To get right down business, we were first very pleased to meet:

Yes, upper classmen, she is the new girl in the library. Her ambition centers on the desire to obtain work preferably in a college library. Peggy hails from Holy Angels' Academy, graduating from there last year. (Class of '39 for those statistically minded.) You boys and gals have been praised up and down, congratulated and everything else that's nice, but here comes your first shake down.

Last Friday, at the student body meeting, you were told when and how to go about signing up for the intramural sports, you wished to take part in. In the last issue of the Spectator, the new program was explained, and the sports were enumerated. So far, so good, but here's the rub, no one has signed up for anything.

It's no joke or laughing matter, when out of a student body of 1000, no one signs up to take a few hours a week of good, healthful recreation. May I remind you that at the University of Washington, you are required to take a certain number of hours of gym a week. It's part of your registration and the only way you may escape the rule is through a physical defect.

You freshmen at your first meetings showed a great spirit of cooperaton and loyalty, but apparently that spirit dies when the subject of athletics is brought up. There must be some among your members who are interested in sports. If so, let that first year spirit carry over into the athletic field. Remember you will get the greatest benefits because you are getting in at the bottom, the new program will grow with you and for you.

The program, as drawn up by Father Logan, is as good an intramural program as can be found in any college in the country. The facilities are the best in the city,-so what are you waiting for?

On another part of this page is printed a complete intramural schedule for the fall quarter, look it over boys and girls, pick yourself a sport or two, and join the fun.

#### WIGWAM WANDERINGS

For those who like to walk, last Sunday's hike was a shorty, some real ones come next — Coach Huntoon has gotten off to a bad start at Gonzaga, but keep plugging Puggy --October is the date of Prep vs. O'Dea football game, Friday, the 13th means bad luck to some team, we wonder who? -Dean Moran, badminton coach, is ready willing and able to show anyone, anything about badminton, how's about it-Those handball courts at the Y. M. C. A. are just waiting for some college boys to start bouncing balls off the walls -Last Saturday's football results played havoc with the dopesters, my 10c is on Washington tomorrow, but don't quote me.

## CORRECTION

Last week this column made the statement that John Katica was among the possible four year lettermen. However, John spent a year at the U. of W. which this writer forgot all about, thus John is a Junior this year and would have earned only three stripes. We stand corrected, John, and beg your forgiveness of this oversight.

## **WASHINGTON 6, PITT 27**

By the time you read this, you will have read so much on the matter that it will be far from interesting, but this is a free country, and everyone is entitled to do some Monday morning quarterbacking. I do mine on Friday, so here goes.

The fault of the husky loss was not the fault of the players, a broad statement, but there it stands. The cause of the Huskies' defeat was because a certain Irish coach was out smarted.

Pitt was scouted as and had been publicized as a power team, "if they don't run around you, they run over you" was the phrase used to explain the power of Pitt.

Washington players were given a defense to stop a running attack. From the way they acted on pass defense, they must have never seen a football thrown by an opposing player, because the Huskies stood goggle-eyed while passes were thrown through, under, and around them.

Give credit where credit is due, the Huskies outplayed the Panther on the ground as can be seen by the figures; Washington, net yards gained from scrimmage 111 yards; Pitt, net yards gained from scrimmage, 60 yards. But when the yardage gained by passes is analyzed, you can soon find the reason for the lopsided score. Pitt gained 179 yards from passing, while Washington gained only 13 yards.

One more noticable good sign was the better spirit shown by the Washington team, they had the will to win, but not the stuff to win.

We will know tomorrow evening about five o'clock, whether this year's pre-season defeat will have the same effect as last season's defeat at the hands of Minnesota.

In order to get skiing off to an early start, last season's President Jack Kearney has called a meeting

of the Ski Club for next Wednes-

day at 12 o'clock noon in Room 6. Ski Club officers for the '39-'40 season will be elected at the first meeting. After the election, plans for the coming season will be made. In particular ideas for the first ski trip of the year will be discussed.

All students new or old interested in skiing are invited to join. You do not have to be an experienced skier. The only requirement is a genuine interest and a willingness to support the club in its activities.

So remember next Wednesday at 12 o'clock noon n Room 6, be there if you are interested.

#### BOOKSTORE OFFERS

Who wants to buy a Reader's Digest? Or, better yet, who wants to buy a whole year's subscription to the Digest?

Members of the faculty have urged sudents to purchase the Digest either by the month or the year. It is possible to secure this magazine, which is the best of its kind for current events, in the bookstore. Price is 15 cents per issue which is a considerable reduction on the usual price.

Another outstanding item in the bookstore is the attractive fountain Daigle at any time, as 17 ambitous new members did before the pen case which was added just before the quarter began. It features the Parker pen and pencil in all sizes, shapes, and colors. Take a look at the "classy" new addition when you're next in the bookstore.

Besides these two additions, there are numerous other articles of interest. There are the College Chieftain sweaters in white and maroon, all sorts of key chains, belts and buckles, compacts, charms and pennants, and a number of genuine leather zipper note books.

King Badminton! With basketball out as a major sport, badminton will make its bid as Seattle College's Number 1 sport.

The first turnout was held last Wednesday at the Broadway Badminton club. Although a good turnout greeted Coach Dean Moran he expressed the desire that more attend the practices in the near

Appearing on the sports slate for the first time last year this game gained popularity unbelievably fast. A fair team was organized and enjoyed quite a successful season.

This year, however, the badminton cohorts are expecting a much better team. Led by Coach Moran himself, who was last year's No. 1 man, the following turned out for the first practice: Jack Terhar, 2nd ranking player last season; Gregor MacGregor, No. 3 man, and Tom Roe, who occupied the number four spot. Terhar specialized in the mixed doubles last year, while McGregor and Roe combined to make one of the doubles teams.

The Eisen sisters, Lorrayne and Lois, are back to lead the women's team. Lorrayne was undefeated last year and should have a great season. Lois is a fair singles player, but was best with Terhar in the mixed doubles.

Other than these two, however, the womens' team looks awfully weak. When interviewed Coach Moran said, "Any girl who has ever held a racket is asked to turn out. We need women players, and lots of them."

If plans go as Father Logan, director of athletics, hopes, the "Chieftain" team will enter the Class C league.

Father Logan also wanted it known that it wasn't necessary to turn out for the team in order to play badminton. The courts are open from 12 to 2 p. m. daily, open from 12 noon to 2 p. m. daily, and anyone may take advantage of the best courts in Seattle

Managers are needed for handball, volley-ball, and later in the year basketball, swimming and indoor baseball. This call is issued to girls as well as boys, as several girls will be needed to help at the Y. W. C. A.

Duties of the managers are to keep scores of league games, take charge of equipment, keeping it in good condition, and ready at all times, and acting as locker boy when necessary.

If enough sign up the work will be light, as well as enjoyable. Those interested should contact Father Logan or Jack Terhar immediately.

All I know about Saturday's rout is what I read in the papers. Two years ago the Huskies imported Iowa for the opener and the autumn winds whistled merrily along rows of empty seats-the Pitt game told the same story. Why not lower the fare, fill the stadium and believable number of 207,000 games in the rear.

#### What Price Glory?

Playoffs took a heavy toll of the pennant winners. Kansas City was wild about its wonder team-in fact the unbelievable number of 207,000 fans clicked the turnstiles during the season (517,000 for Seattle). Yet its team finished in 4th place, 31/2 games in the rear.

Other teams which played for fame but not fortune:

eliminated by Chattanooga, 3 straight.

And of course the Rainiers' lack of a right-handed pinch hitter finally caught up with Seattle. Mike Hunt is the world's worst pinch hitter and Selway, a rookie pitcher, failed dismally to keep alive a rally in the last inning of the last game. The Rainiers turned in but four double killings in the playoff-two from Vanni to Archie . . .

In many college sheets we read in the first issue that the halls are infested with wide-eyed, snappy, and highly collegiate "frosh." They stand around bewildered with that in your car will be filled upon getawesome look radiating all over their countenances. They are regarded as the under-dog students in a fast-stepping age. Well, this baby has been around the halfs now over three years and I, no doubt blinded to such journalistic stuff, have seen freshmen who really have a lot on the "ball"this year especially! In a couple of my classes where there is a goodly number of the novice college students, they get right in there and "pitch" before we seniors have a chance to open our books and look up the answers. ## Giant Mixer Ends First Activity Week

Activity Week was successfully concluded Friday night, Sept. 28, at the Knights of Columbus dance auditorium with the first mixer of te fall season. A gratifying number of collegians found the evening a fitting climax to the events of an exciting week.

A clear night and a full moon combined to form the romantic setting for the music of Elwald Arseneau's orchestra. His style was that happy medium of "sweet and swing" so popular with college students.

Informality was stressed as the large crowd of unescorted co-eds unaccompanied gentlemen mingled on the dance floor. As is the custom at Seattle College mixers the majority of students "stagged" the affair.

The reaction of the students to the dance was duly noted and appreciated by the committee which had bent its united efforts to insure the complete success of this inaugural mixer. Many expressed the opinion that with such a beginning social activties at S. C. cannot fail ot maintain their traditionally excellent standard.

Now, the WRITH, FATHER Time, grimly holding his scythe of death in a position to strike quickly rises clearly before our vision, and bids us recall the past and with a scornful finger points contemptuously across the now narrow Atlantic, and boldly and loudly speaks these words to us, "THEY, (pointing to Europe), DIDN'T LEARN ANYTHING FROM 1914 to 1918: DID YOU?"

DID YOU? These two simple words compose the thought that is uppermost in the minds of all Americans after listening to the radio, seeing a newsreel, or glancing at the headlines of any of our tabloids. If we, as good Americans and truly patriotic, answer this question in the affirmative, after due consideration; we will realize beyond a doubt that there is but ONE course for us to follow to retain peace, and, that is a continuation of our present foreign policy, complete neutrality, with an arms embargo against any and every belligerent nation.

Why do European countries want us to be partisan? Our partisanship is desired because of two reasons. First of all, we have almost unlimited raw materials, and ceeding meetings. The next will be the best manufactured goods, and held at the K. C., October 12. the best manufactured goods, and implements of war, sound financial footing and credit. **Providence Chapel** 

According to the turnout of the students, the first meeting of the Sodality at Providence Auditorium Tuesday, Sept. 26, was a huge success. With the installation of the officers in the chapel by Moderator Father Peronteau, S. J., the following students eagerly took over the reins for the 1939-40 Sodality season. Those elected and appointed were: Prefect, Lou Sauvain; vice prefect, Betty Kumhera; treasurer, Bill Berard. Installed as committee chairmen were: John Katica, social and membership; Iris Logan, Eucharistic; Robert Masenga, rosary, and Mary D. Sanderson, Catholic Truth Society.

The main event of the evening was an inspiring speech by Father Corkery, S. J., who stressed more interest and zeal in "Catholic Action." It was expressed that if we were as zealous for our cause as the Communists are for their organization, we would accomplish much more.

The business meeting was followed by an evening of dancing to the Wurlitzer.

To every Catholic student the Sodality should be his most important activity. For those who have not attended a Catholic school previously, the Sodality should be their main guide in spiritual matters. All those who did not attend should attempt to attend the suc-

Fr. Edward J. MacFadden, diocesan superintendent of Catholic schools, delivered the sermon. "This," said Father MacFadden, "can be achieved primarily by your own personal sanctification and good example." During the course of his sermon Father Mac-Fadden stated that there is constantly too much talk and too little action in this field,

Seniors donned the traditional caps and gowns for the occasion and were ushered into the church before the ceremony commenced. When the Mass was completed they filed out of church in a body with the remainder of the student body following.

# **Advises Frosh**

The Rev. James B. McGoldrick, S. J., dean of the College, has issued the following information that should be of primary concern to all incoming freshmen.

To all those new students, who for some reason or other, have withdrawn from a class, Father sufficient to merely stop attending the scheduled classes of the dropped course to obtain a "W" but on the other hand, the student must follow out the withdrawal regulations, which are to obtain permission from the dean and the instructor of the class. Any student who fails to properly withdrow from a class will receive an "E" instead of a "W" for that course. An "E", it must be remembered, is a final grade and cannot be changed.

Father McGoldrick also calls attention to the matter of class absences. Students are required to attend all scheduled classes; any student who fails ot attend at least 85 percent of the scheduled classes for a course will automatically receive an "E" in that subject. Tardiness, too, counts as an ab-
