**NEW CARD PACKS** which will be used at spring registration are shown above. Speeding up the sign-up process, only one of each card will be filled out, with carbon copies made of each. Not shown are the perforated borders which will not be marked by the students. The schedule is filled out after class cards are obtained.

The physical layout for spring registration is basically the same as for past quarters, Miss Mary Alice Lee, registrar, said this week.

**STARTING** with the adviser's yellow pre-registration slip, the student will go through five steps in registering, Miss Lee said. Those who have not been pre-advised will not be allowed to register until after those students who have.

First, the student will pick up his transcript in the Pigott Bldg. and fill out the personal data in the auditorium on both sets, the registration card and fee card. The student will not fill in the class schedule nor will he mark the perforated edges of the card packs, Miss Lee said.

**AFTER THE CARD** packs are filled out the student will be directed to his adviser on the fourth or fifth floor and obtain the faculty member's signature on the registration card.

Next, the class cards are picked up on the third floor. The student will be required to show the pre-registration slip to obtain these cards and the slip will be picked up after all the cards are obtained.

**ONE IMPORTANT** change is that the student enters his schedule on the card pack (after class cards are received) alphabetically by department and course, in the same order as on transcripts, not by class time.

Then the student will stop at the billing office in P302. The final stop is the cashier's office on the second floor. Students are asked to write their checks on the desk provided for this purpose, so as not to delay the line. The student's receipt will be the top, orange copy of the fee card.

**THE STUDENT** must complete the entire process March 22 including payment of fees

or else he will be required to pay a late registration fee of \$5.

Special red-and-white striped ball point pens must be used to fill out the card packs. They may be obtained from noon to 1 p.m. March 13 to 15 in the Chieftain, from 8:30 a.m. to 4:30 p.m. March 13 to 17 in the registrar's office and on registration day at Pigott Auditorium.

## Fischer, Maffeo Take Veep Posts

Dave Irwin was elected president of the ASSU in yesterday's student body elections.

**MIKE FISCHER** and Paul Maffeo were elected first and second vice presidents respectively.

Mary Lee Walsh was unopposed for the AWS presidency. Also uncontested was the job of ASSU secretary, won by Jan Marino.

In one of the only two closely contested races, C. J. Michaelson was elected publicity director by a 23-vote margin over Burke McCormick.

**TOM MULLEDY** won the post of ASSU treasurer over Bill Seubert.

In the only other close race, Maxine Ortmeier edged Terry Schmeckel by 26 votes to become the new AWS secretary.

Elected to the post of AWS vice president was Shelly Fountain who defeated Kris Matronic.

**FOR THE OTHER AWS** office, that of treasurer, Kathy Kelly defeated Jan Greenfield.

The results of the election were released and certified by Jim Van Sickle, election board co-ordinator.

Voters totaled 842 at the three polling places, including 399 men and 443 women students, Van Sickle said.

Irwin, the incumbent ASSU first vice president, easily won the presidency over Ed Chow, now ASSU second vice president. Fischer and Maffeo defeated the Flynn twins, Mike and Jerry, both by a large margin.

The new officers will take over their jobs in May.

## Fr. McGuigan Appointed Head of Philosophy Dept.

Fr. James T. McGuigan, S.J., assistant professor of philosophy, has been appointed head of the philosophy department. He replaces the late Fr. Louis T. O'Callaghan, S.J., who died last week.

**ANNOUNCEMENT** of the appointment was made by the Very Rev. A. A. Lemieux, S.J. It was effective March 7, the feast of St. Thomas Aquinas.

Fr. McGuigan was ordained in 1936 and was principal of Gonzaga High School from 1938 to 1942. He joined the Army as a chaplain in 1942 and was discharged with the rank of major in January, 1946.

**EXCEPT FOR A** year of graduate studies at St. Louis University from 1950 to 1951, he has been at S.U. since 1946. In 1951 Fr. McGuigan was appointed dean of faculties, a

post which combined the offices of dean of arts and sciences and academic vice president.

When Fr. John A. Fitterer, S.J., became dean of the College of Arts and Sciences in 1956, Fr. McGuigan was appointed academic vice president. He was succeeded in this post in 1957 by Fr. John A. Gurr, S.J., now at Mt. St. Michael's.

Earlier this week the office of the academic vice president said that those classes scheduled to be taught by Fr. O'Callaghan would be taught at the scheduled times by other instructors.

**WHERE THERE'S SMOKE**, there was almost a fire. The trash burner in the Chieftain basement became overloaded Friday night and smoke began to drift into the building. Prompt work by Seattle firemen prevented any damage. Here firemen pour water onto hot ashes while Dave Dumas "supervises."

## Fr. Costello Clarifies Points On Probation Statement

Fr. Frank B. Costello, S.J., academic vice president, this week clarified some of the points made in his speech before the student body last week.

**IN HIS ADDRESS** Father said, "This week I will send a personal letter to a number of students, of sophomore standing and above, who are and have been on probation. This letter will warn them that they must be off probation at the end of the spring quarter, 1961, or be dismissed from the University. A copy of this letter is being sent the parents of these students."

In the parents' letter, Father said, "The University feels that it has met its responsibility to students when it has given them the opportunity to prove their ability to do college work and they have failed to meet the challenge."

**FATHER TOLD** The Spectator that the letters were as much a reminder as a warning. According to the S.U. catalogue, "probation may extend for two quarters after the initial warning before dismissal is mandatory."

Father said that students' initial warning is the red "probation" stamp on their transcript.

He added that most of the students who received letters this past week have been on probation since their sophomore year.

Father also emphasized the difficulty pre-major sophomores have when they are on probation, in that no school within the University can accept a student with a grade point below 2.00. Pre-majors must declare a major at the end of the sophomore year.

**ON ANOTHER** point, Father Costello told the student body, "Afternoon classes, perhaps sooner than expected, will be a regular feature of life at S.U."

Wednesday night Father said the Academic Council is giving "very serious consideration" to starting afternoon classes. He said they are "certain to come" but the "when" is not definite.

The afternoon scheduling is now awaiting the action of the Academic Council.

## Peace Corps:

# Kennedy's Purposes Outlined

By EILEEN MOULE

This week, over 700 S.U. students signed a petition endorsing the Peace Corps set up by President Kennedy. In so doing S.U. joined with colleges and universities throughout the nation who have enthusiastically responded to this program which will provide aid in the form of skilled manpower to underdeveloped nations of the world.

**THE CIRCULATION** of the petition was an outgrowth of Student Senate action last week which moved to support, endorse and promote the Youth Peace Corps on campus.

In an executive order issued March 1, President Kennedy officially established the Peace Corps on a "temporary pilot basis," and in a special message to Congress, delivered that same day, he recommended legislation creating a permanent Peace Corps.

**THE MESSAGE** described the Peace Corps as "a pool of trained American men and women sent overseas by the United States government or through private organizations and institutions to help foreign countries meet their urgent need for skilled manpower."

The President pointed out that our freedom as well as the freedom of the world depends largely on the ability of these developing countries to build growing and independent nations where men can live in dignity, liberated from the bonds of hunger, ignorance and poverty.

The Peace Corps, consisting of volunteer Americans carefully chosen for their technical skill and personal qualities, by contributing their services, can assist these nations in obtaining their goal. Members will be sent only to countries where their services and skills are needed and desired, and will work primarily as teachers in the schools and as technicians in development projects calling for training and advanced knowledge.

**KENNEDY** welcomes all Americans who meet the qualifications to serve but assumes that the Corps will consist primarily of college graduates. He states that life in the Peace Corps will not be an easy one. Members will receive no financial compensation except for an allowance sufficient to meet their basic needs for unostentatious living among the people they are assisting.

They will serve from two to three years depending on the project and country, and they will not be exempt from the draft because of their service in the Corps.

On March 4, President Kennedy appointed his brother-in-law, R. Sargent Shriver, as head their service in the corps.

**THE PEACE CORPS** still has not been established by law. However, Kennedy announced that if and when Congress makes it permanent Shriver will continue to head the corps without salary. In a summary report on the corps Shriver admits that there are many questions that will be answered only by trial and error, but, he stated, this Peace Corps should become "a basic component of our whole overseas program."

## Nurses to Meet To Hear SWANS

The S.U. nursing club, White Caps, will welcome student nurses from the Cabrini School of Nursing at a fireside Thursday, March 23, at 8 p.m. The meeting will be at Providence Hall, 17th and East Cherry.

**TWO OF THE** visitors from Cabrini will speak to the Providence group about the State of Washington Assn. of Nursing Students, (SWANS). Peggy Chatman, SWANS second vice president, will answer questions and explain the benefits to a professional nurse by belonging to SWANS.

Miss Carol Williams, an instructor at the S.U. School of Nursing, will tell of her experiences as president of SWANS when she was a student here.

The SWANS spring convention will be in Seattle, May 18 through 20. Sheryl Ver Steeg will outline some of the plans for the meeting.

## Freshman Meeting

The freshman class will meet today at 12:30 p.m. in Pigott Auditorium, according to Dan Salceda, president.

Activities for spring quarter will be discussed.

## OFFICIAL NOTICES

### LIBRARY NOTICE

In order to avoid any delay in registration this quarter, it will be necessary to have your winter quarter library record cleared before registration day. All books must be returned and all fines paid before you will be given library clearance to register.

### Student Senate:

## Spring Activities Calendar Passed

By WALT WILSON

The student Senate approved the dates on the activities calendar for spring quarter and passed a resolution stating that candidates running for office in school elections should be given election results before those results appear in the Spectator.

**THE CAMPUS** organizations given dates are Engineering Council, Friday, April 14; A Phi O, Friday, April 21; Colhecon, Saturday, April 22; IRC, Friday, April 28; Operetta (Brigadoon), May 4, 5, 6; Freshman class, Friday, May 5. Junior Prom, Wednesday, May 10; Spurs, Friday, May 12; Young Democrats, Sunday, May 14; Town Girls, Friday, May 19; ROTC Review (Cotton Tolo), May 26; Parents' Weekend, May 24, 25, 26; Young

Democrats, Sunday, May 28; Interhall Council, Monday, May 29.

**WEDNESDAY**, following a report that Blanchet High School plans to present Brigadoon on the same nights as S.U., Ed. Chow, chairman of the activities board, recommended the following changes: Brigadoon, May 18, 19, 20; Freshman Class, May 19, and Town Girls, May 5. The Senate will consider the recommendations at its next meeting on March 26.

A motion that would have election results and the number of votes each candidate received printed in The Spectator was offered by Senator Neal Supplee. The motion also stipulated that candidates would be told the election results before they appear in The Spectator.

**THE BILL** was amended to

include only the latter section, that candidates would be informed of their standing before Spectator distribution. The senate then passed the amended bill.

Acting under a Senate resolution, the Youth Peace Corps Committee officially started their campaign to "support, endorse, and promote" the Youth Peace Corps on the S.U. campus. The committee, consisting of Senator Bob Burnham, chairman, Joe Demo and Walt Wilson, drew up a petition backing the Peace Corps and circulated it in the Chieftain and through the dorms on Monday and Tuesday.

**THE PETITION**, which includes over 700 names, was sent special delivery to Washington, D.C. Other students who worked on the petition project include: Chris Sifferman, Jean Wendell, John Brockliss, and Larry McHugh.

BIGGER and BETTER at - - -

*The Cottage*

15TH AND E. MADISON

### I WAS A TEEN-AGE SLIDE RULE

In a recent learned journal (*Mad*) the distinguished board chairman (Ralph "Hot-Lips" Sigafoos) of one of our most important American corporations (the Arf Mechanical Dog Co.) wrote a trenchant article in which he pinpointed our gravest national problem: the lack of culture among science graduates.

Mr. Sigafoos's article, it must be emphasized, was in no sense derogatory. He stated quite clearly that the science student, what with his gruelling curriculum in physics, math, and chemistry, can hardly be expected to find time to study the arts too. What Mr. Sigafoos deplores—indeed, what we all deplore—is the lopsided result of today's science courses: graduates who can build a bridge but can't compose a concerto, who know Planck's Constant but not Botticelli's Venus, who are familiar with Fraunhofer's lines but not with Schiller's.

Mr. Sigafoos can find no solution to this hideous imbalance. I, however, believe there is one—and a very simple one. It is this: if students of science don't have time to come to the arts, then we must let the arts come to students of science.

*He will know that he is a fulfilled man...*

For example, it would be a very easy thing to teach *poetry* and *music* right along with *physics*. Students, instead of merely being called upon to recite in physics class, would instead be required to rhyme their answers and set them to familiar tunes—like, for instance, *The Colonel Bogey March*. Thus recitations would not only be chock-full of important facts but would, at the same time, expose the student to the aesthetic delights of great music. Here, try it yourself. You all know *The Colonel Bogey March*. Come, sing along with me:

*Physics*  
*Is what we learn in class.*  
*Einstein*  
*Said energy is mass.*  
*Newton*  
*Is highfalutin*  
*And Pascal's a rascal. So's Boyle.*

Do you see how much more broadening, how much more uplifting to learn physics this way? Of course you do. What? You want another chorus? By all means:

*Leyden*  
*He made the Leyden jar.*  
*Trolley*  
*He made the Trolley car.*  
*Curie*  
*Rode in a surrey,*  
*And Diesel's a weasel. So's Boyle.*

Once the student has mastered *The Colonel Bogey March*, he can go on to more complicated melodies like *Death and Transfiguration*, the *Eroica*, and *Love Me Tender*.

And when the student, loaded with science and culture, leaves the classroom and lights his Marlboro, how much more he will enjoy that filter, that flavor, that pack or box! Because there will no longer be an unease gnawing at his soul, no longer a little voice within him repeating that he is culturally a dolt. *He will know*—know joyously—that he is a fulfilled man, a whole man, and he will bask and revel in the pleasure of his Marlboro as a colt rolls in new grass—content, complete, truly educated—a credit to his college, to himself, and to his tobacco-

© 1961 Max Shulman

*And while he is rolling, colt-wise, in the new grass, perhaps he would stop long enough to try a new cigarette from the makers of Marlboro—unfiltered, king-size Philip Morris Commander. Welcome aboard!*

# S.U. Delegates to 'Think Brazilian' at MUN

By JUDY KING

There is a group on campus that can tell you anything you want to know about Brazil . . . what her history is, what countries she is affiliated with and why, what her economic problems are.

When they talk about Brazil, they use the possessive, "our country," and the pronoun "we." "We want to open debate on the recognition of Red China."

**THESE STUDENTS** "think Brazilian," yet none of them have ever been to that country. They are delegates to the 11th session of the Model United Nations at which S.U. will represent Brazil. The MUN will be at the U. of Oregon, April 12-15.

These students talk about Brazil as if they were born there. They have spent days and weeks assimilating knowledge of how a Brazilian thinks and reacts to different situations. They have trained themselves to think and react in the same way.

**THE TEST OF HOW** good a job they have done will be the MUN meetings themselves.

At this time, S.U.'s delegates will meet with students from universities and colleges all over the west coast. No, not the west coast, from Afghanistan, Albania, Ceylon, Czechoslovakia, China, the Congo Republic, Costa Rica, Italy, Iran, India . . . they will meet with delegates representing all countries.

**FOR WHILE** S.U.'s delegates have studied Brazil and will be looking out for her interests, the other college delegates will be think-

**DISCUSSING THE AGENDA** for the 11th session of the Model United Nations assembly are (from left) Patti Thresher, freshman C & F major from Portland; John Brockliss, a pre-major freshman from Seattle; Dianne Whittington, a junior philosophy major from the U.W. and head of their MUN delegation; and Miles McAtee, a senior C & F major from La Grange, Ill.

ing like the people they represent. Their problems will come before the assembly, too, and perhaps the South American bloc, of which Brazil is a part, will be the opposition. If these delegates from the "other countries" have worked harder and studied longer, Brazil will lose in this battle of wits. For those four days in April, there will be the same antagonism, disagreements and tension that there is at the regular U. N. assemblies in New York City.

What kind of student is active in MUN? Miles McAtee, a senior from La Grange, Ill., and head of the Brazil delegation, answered this one.

**"ANY STUDENT** who is politically active," he explained. "I don't mean just in party politics, I mean in international politics. The 'sound' student, the one willing to work and take on the tremendous job of research above and beyond their own college work, these are the students we have working with us in MUN."

Miles continued: "MUN is a force that brings the American student face to face with the problems of the U.N. Approximately 1,000 students take part in the assembly every year. If they pass what they have learned on to 10 other students and these students do the same, then you can see the influence of this thing."

**DR. MARGARET MARY DAVIES** of the economics department is the moderator of MUN at S.U. She said there will be 10 or 15 delegates, paying most of their own traveling expenses to Eugene in April. Dr. Davies also said that many countries outside the United States are interested in starting model united nations groups in their countries.

## Editorial:

### Bed-Rolling

The most recent "college craze" is called bed racing. Full particulars on the rules and regulations can be found in the local papers or in the national news magazines. Which brings us to the point.

**WHY IS IT** necessary for some news media to overplay the frivolous aspects of college life time and again, to the virtual exclusion of the true spirit of school life, the academic?

**WE WANT** to commend the ASSU administration for apparently putting bed-rolling in its proper perspective. Despite several challenges from a fraternity to the north, the ASSU has rejected the bids as being just a little too childish.

Unofficially, several students, not representing the entire student body, have favored an inter-university race. But we like the comments allegedly made by a Xavier Hall resident over a local radio station. It reflects our feelings.

**ASKED ABOUT** the challenge, the student said he would like to refer the cross-town rival to his own athletic department, whose basketball team has been "challenged" by the Chieftains for several years. This challenge has gone unaccepted.

When this challenge is accepted by the basketballers from the north end, the S.U. students would consider a less serious one.

**BESIDES,** we have an NCAA tournament to go to over the quarter break, and do not have as much spare time as those from the school across the canal, who are staying home.

## English Director Has Many Interests

By GRETCHEN FREDERICK

"There has been a continual improvement in student's knowledge of English grammar, and I hope the day will come when we will no longer require any courses in grammar review." Mr. Edward Spiers, director of English, made this statement in answer to the question of the lack of proper grammar usage that is deplored by many of today's educators.

**AN ALUMNUS OF S. U.,** and a member of the faculty since 1949, Mr. Spiers has been teaching English composition for 11 years.

Today, in addition to his regular teaching schedule, he is the educational television coordinator for S. U., "which," he said, "consists of setting up programs for the commercial channels — such as Mme. Marchand's French course on chan-

MR. EDWARD SPIERS

nel 4 — and channel 9, which specializes in education."

**ALTHOUGH A S. U. ALUMNUS,** Mr. Spiers is not a native of Seattle. He originally hails from Petersburg, Va. He graduated from high school there, and went on to attend the University of Virginia.

World War II found him in the Navy as a radio technician

and operator. "I even taught swimming, temporarily, to the new recruits," he laughed.

During his six and one half years in the service, he visited Puerto Rico, Central America, and the Aleutian Islands, where he "missed by one day the bombing of Dutch Harbor."

He left the service and enrolled at S.U. in 1945. He graduated in 1949 and completed his education at U.W.

**WHILE ATTENDING S.U.** he met and married his wife, Peggy. They now have seven children. The two oldest girls are attending Holy Names, three attend St. Joseph's and two are of pre-school age.

When asked about recreational interests, Mr. Spiers said, "Amateurish astronomy is the nearest thing to a hobby, and I do have my own telescope. I am interested in music and play 'fumblingly' at the piano. I also have and enjoy a recorder, an 18th century wood instrument similar to a flute."

## Preston Outlines Reasons for Aid Request

By R. LEO PENNE

Jim Preston, in what could set a far reaching precedent at S.U., has requested \$200 from student body funds.

**JIM, KNOWN** to S.U.'s sport fans as a varsity basketball player, desires the aid to help defer expenses for a trip to Africa in conjunction with the Operation Crossroads Africa program.

Jim's actual activities abroad will probably include manual labor, teaching English, running a recreation center, or generally anything for which he is qualified. The program will display to the African people that Americans, particularly the youth, have a fervent interest in them.

**HE FEELS** that by the knowledge he brings back, the publicity given the program, and perhaps movies, lectures, and discussions, he could more than repay S.U.

Only a few in the nation were chosen to take part in this

JIM PRESTON

project. Jim qualified not only because of his fine work as a political science major at S.U. but also because of his record of continued and energetic interest in Africa.

**LAST SUMMER** at a seminar in New York he visited the U.N. ambassadors from Ghana, Tunisia, the Soviet Union, Liberia and France. With these interviews and special research, Jim and two others wrote a short paper on Africa. The paper dealt with some of the

basic problems of the rapidly emerging dark continent.

**HE SEES** in organized sports a valuable addition to the rapid progress of the African people. In sports they could experience both winning and losing while being united by a common bond of competition.

**ANOTHER S. U. STUDENT,** Ken Grubenhoff, a sophomore language major from Zillah, Wash., plans to take part in the same program. He will also need financial assistance to travel to Nigeria.

# Owls, Htuos Edis Win Intramural Tournaments

## Chiefs Set Oven Too Hot; Bakers Burned 93-86

**DON'T BLOCK THAT SHOT, Ernie!** Richie Brennan (54) takes down a rebound with the help of Ernie Dunston (52). Buchans' players are Chief Williams (15), Pete Gaudin (23).

The Chieftains allowed the Buchan Bakers' bread to rise in the first half last Saturday night but then the mischievous Chiefs opened the oven door and the Bakers' bread fell, 93-86. Dave Mills and Eddie Miles combined "flourly" play in the second half to bake up 22 and 17 point dishes, respectively. Mills ended the game with 35 and Miles with 29.

**THE BAKERS COMBINED** the proper ingredients and their lead began to "grow, grow, grow" until the end of the second half. Buchans led at the half 51-43.

The come-from-behind Chiefs heated up their own oven and were sparked with "the staff of life" late in the second half. Eddie Miles put S.U. ahead, 79-78, with 5:18 to play in the game. After that the Bakers' bread crumbled.

**DON WOODWORTH ADDED** the yeast to the Buchan pastry with 29 points before fouling out with 1:15 left to bake. Dick Brott stirred in 14 points, 11 of those in the first half.

S.U. pie spoilers were: Ernie Dunson, 8; Richie Brennan, 6; Tom Shaules, 3; Leon Gecker, 4; and Ray Butler and Dan Stautz, 2.

## Jon Jacobsen Awarded Intramural Cage Trophy

Jon Jacobsen, yesterday, was named the outstanding intramural basketball player of the quarter. He was awarded the Floyd Jonak Memorial Athletic trophy by the S.U. Veterans Club.

Jon was the sparkplug of the league champions, Htuos Edis. He averaged close to 20 points per game.

**JACOBSEN CREDITED** his award to the all-around team play of Htuos Edis.

He is a sophomore education major in history. Jon hopes to teach and coach after graduation.

## Eddie Miles Named to U.P.I. All Coast Squad

Eddie Miles was picked for the United Press International all Pacific Coast basketball team this week.

Dave Mills was selected for third team honors.

**WITH MILES** on the first team are Frank Burgess, Gonzaga; John Rudometkin, Southern California; Tom Meschery, St. Mary's and Bill McClintock, California.

The White Owls won the world series of S.U. intramural bowling yesterday. The hooters upset the favored I.G.P.'s, winning two out of three games.

**ANDY MIRKOVICH** paced the Owls with a 538 series. Ray Sandegren blasted a 631 series for the second-place finishers.

Toulouse's Terrors won two from the Padres in the race for third and fourth. Fr. Robert Rebhahn, S.J., turned in a 597 day's work for the winners while Fr. William Weller, S.J., rolled a 552 for the losers.

The Holy Rollers smashed the Bootleggers 3-0 to place fifth. Fr. Frederick Harrison, S.J., rolled a 542 series for the Rollers and Harry Anarde's 565 was tops for the Bootleggers.

**THE ESOTARIANS** tripped the Troglodytes 2-1 for the seventh spot. Joe Pharmer's 507 was high for the winners and Don Gerber's 550 wasn't enough for the losers.

The Enfacs out-marched the ROTC 3-0 to take the ninth spot. Mr. Richard Schwagler topped the faculty team with a 508. Paul Gustafson rolled a 534 for the losers.

The Nasty Old Men downed the 3 G's with Jim Bergner leading the way with a 223 game for the winners. The two teams placed 11th and 12th.

**JANICE WITTE** knocked over 467 pins to help the Pinleavers defeat the Untouchables. Linda Cresci's 389 was tops for the losers.

In the race for the cellar-dweller title, the Trece beat the Pedikegs, 2-1. Ann DeLeo set the season's individual high woman's game with a 202.

**ANOTHER BOWLING LEAGUE** might be organized next quarter if enough bowlers are interested, Ray Sandegren said. Interested keggers should contact Ray at Xavier Hall.

### GOLF

Freshman divoteer Tom Storey led the field of seasoned varsity golfers in the first 18-hole qualifying round at the Inglewood Golf course.

**THE TOP FOUR** qualifiers after 54 holes will represent S.U. at the Northern California Intercollegiate golf tournament in Santa Cruz.

Yesterday's results were: Tom Storey, 73; Bill Warner, 74; DeRoss Kinkade, 75; Pat Lewis, 75; Pete Carlozzi, 76; John Shanley, 76; Eddie Pearsall, 78; Gary Galbreath, 78; Ron McDougall, 79; Doug Clark, 79; Ray Kozen, 80; Dave Uhlman, 82; Mike Reasor, 82; Pat O'Neil, 83; Pat Molitor, 83; Larry Lee, 83, and Jim Bartelson, 86.

The golfers will finish the 54-hole qualifying rounds tomorrow and Monday. After the California tourney there will be an additional 18-hole qualifying round to determine the season's six-man team.

Veterans of the 1960 first team are: Ed Pearsall, DeRoss Kinkade, Bill Warner and Gary Galbreath. Two other 1960 letter winners are Pete Carlozzi and Pat Molitor. Varsity aspirants from last year's frosh squad are Larry Lee, Ron McDougall, Pat O'Neil and Dave Uhlman.

**HEADING THE LIST** of freshman golfers are Tom Storey and Mike Reasor. Storey was the Seattle high school champion and Reasor was a member of the U.S. Public Links team from Seattle.

Freshman golfers include Jim Bartelson, Spokane; Doug Clark, San Marino, Calif.; Ray Honsberger, Seattle, Pat Lewis, Mountain View, Calif.; and John Shanley, San Francisco.

### TENNIS

Official turnouts for the S. U. tennis team are scheduled for 1:30 p.m., today, in the gym, according to Mr. Everett Woodward, tennis coach. Any student is welcome to try out.

The five starters from last year's team will be playing again this year. The team will be selected by a ladder playoff. Players not making the first five will remain on the ladder and will be able to challenge. If the challenger beats a regular in two matches, he will move into a starting position.

**MR. WOODWARD** said that the team will be playing one of the toughest schedules they have had in years.

Returning from last year's first team, which had a 7-3 record, will be John Curran, Vic Reynolds, Jiro Suguro, Carl Gillen and Mike Dowd. Stan Stricherz and Larry Lowery are other experienced members from last year.

**FRESHMEN HOPEFULS** include, Mark Frisby, Seattle City Junior Tournament runner up; John Brockliss, Seattle; Bill Woodkey, San Jose and Mike Morrisette, Yakima.

Htuos Edis won their second straight intramural basketball title yesterday by, coasting to an easy 44-33 win over the ROTC cadets.

Displaying a well-rounded offense and a sharp defense, Htuos Edis rolled to a 20-16 lead at the half. Richie Kayla kept the cadets in contention with a 9-point half-time total.

**JON JACOBSEN**, who was named the league's outstanding player, led the champs with 21 points.

In the first few minutes of the second half Htuos Edis piled up a 30-20 lead.

**THE CADETS** fought back behind the shooting of Frank Keenan to close the gap to six points at one time.

Htuos Edis fought back with a slow, deliberate attack which eventually turned the tide for the victors.

**FRANK KEENAN** led the ROTC with 11 points.

The Intellectuals took third place in the 13-team tournament.

The ROTC moved into the final round by clipping the Intellectuals, 34-29, Tuesday. Rich Kayla and Steve Wandzilak with 12 points each, paced the Cadets' second-half barrage, which lengthened their 18-17 first-half lead.

Monday, the ROTC squelched a red-hot Bordeaux five, 39-36. Kayla zeroed in for 19 points to pace the winners, while Harold Gecker led Bordeaux with 16.

Friday, Bordeaux edged the ARC's, 39-37, and the ROTC defeated the Royal Mounts, 44-39, in an overtime stanza. The score was tied 35-35 at the end of regulation time, but the Cadets outshot the Mounts in the period to win. Frank Keenan paced the Cadets with 21 points.

### BASEBALL

The S. U. baseballers have been limbering up for the past two weeks and hope to get outside soon, said Eddie O'Brien, baseball coach.

**"IT'S TOO EARLY** to tell what kind of season we'll have," he said. "We will have a good hitting ball club this year," O'Brien said, "and if our pitching and defensive game works out as well we should do all right."

Harry Lambro, freshman from Seattle, will be a help in the pitching department. Other pitchers include Rudy D'Amico, Jim Arnsberg, Jim Hatzenbihler, Denny Sakamoto and Mike Albrecht.

## Students Say:

# "Skydiving is Safe, Sane Sport"

By JIM HARNISH

Skydiving is not a quack sport. It is a safe sport for sane sportsmen, says Walt Wilson, S.U. freshman.

Walt has parachuted and says, "It is a tremendous experience. It is the greatest sensation I have ever had in my life."

**SKYDIVING** is a valid sport, he said. It is growing and will be generally recognized some day if people would realize that it is really a safe sport.

Terry Turner, S.U. junior, is also interested in the sport. He plans to make his first jump next month.

Terry also feels that it is a safe sport. "More people are hurt, per capita, driving their car than are hurt skydiving."

Both Terry and Walt got interested in the sport by watching members of the Seattle Skydivers jumping over the Snohomish airport.

**BEFORE A PERSON** ever jumps, Walt said, he learns the principles behind the parachute, air safety and the sport and emergency uses of the parachute.

The beginning diver learns how to leave the plane, how to control his flight by manipulating the parachute and, most important, how to land safely.

The instructions are handled by the Snohomish Parachute Training Center at the Snohomish Airport.

After the intense instruction sessions, the beginner is taken up for his first jump.

"**AFTER I MADE** up my mind to go up," Walt said. "I had butterflies, but I had complete confidence in my instructors and the training in safety I had received."

**SEATTLE SKYDIVER** in the free fall position before the parachute is opened. In this position, an experienced diver can attain speeds up to 170 m.p.h.

"I stepped out of the modified Cessna 170 onto a platform on the wing," Walt said. "The instructor tapped me on the leg, indicating that it was safe to jump. I dove into space in a swan dive position and came to a horizontal position."

**WALT'S JUMP** was made from 2,000 feet. Beginners always use a static line which releases the parachute automatically after about 320 feet. It takes about four seconds. A speed of approximately 100 miles an hour is reached before the chute opens.

"I hardly knew my chute

had opened," Walt said. "When I hit the ground the first thing that I wanted to do was to go up and try it again."

A beginner makes six jumps with the static line. Then he begins to perfect his form and precision in jumping without the line. A skydiver always carries a spare 'chute in case of an emergency.

**THE PARACHUTES** are nylon military 'chutes modified for sports use. They are reinforced with nylon thread so they cannot rip apart even if they should tear, Walt said.

## Speculating

S.U. Successful With 'New Faces' | Never Quit Was '61 Theme

with gene esquivel

"New Faces" made its New York debut in 1946 and was a successful production on Broadway.

The S.U. Chieftains' 1960-61 version of "New Faces" also was successful around Broadway (and Madison, too) and even had a touch of New York in it.

Dave Mills, Tommy Shaules and Dan Stautz were the one-year vets, Jake Stepan was the holdover and the rest were rookies to the varsity squad.

"It was just like having an all-soph team," said Cazzetta, "but they came along and matured together basketballwise."

Here's what Vince had to say about his "New Faces":

**EDDIE MILES**—"Eddie has improved greatly on defense. Naturally, his offense has been impressive (21 points per game) and he even has improved on it."

**ERNIE DUNSTON**—"He's probably the most improved player on the team. Ernie has been strong on the backboards and sharpened his shooting."

**JIM PRESTON**—"His shooting also has improved. Jim's been exceptional on defense this year."

**LEON GECKER**—"Leon has shown that he can step in and handle his position well. His defense has been better."

**ELBERT BURTON**—"He now has a softer shot. He's a good rebounder and is filling in nicely as a spot player."

**RICHIE BRENNAN**—"Richie's worked in well. He's started to look good driving out of the high post as he did in junior college."

**RAY BUTLER**—"We knew he was a great scorer when he came here, but he's turned into a good rebounder and solid defense man. He has shown a lot of floor 'savvy.' He scores when we need it."

**RUDY D'AMICO**—"Rudy was moved up from the 'red squad' early in the year. He didn't see too much action but served as an able reserve."

**JACK FITTERER**—"Jack also was a fill-in from the 'red squad.' He's another sophomore who didn't get into too many games."

As for Mills, Shaules, Stautz and Stepan, they too have improved greatly. Mills, who had his moments of glory with high-point totals, helped the club with tremendous backboard strength. Shaules came on as a field general, directing the Chieftain plays on offense and defense. Stautz was one of the top reserves and started a number of games.

No one knows exactly why the Chieftains came out on top of the close games—and there were plenty of them—but Cazzetta pointed out that the team's ability to adapt to new types of offense and defense in mere moments was a major factor. S.U. won 11 in which it had to come from behind. Fifteen were won when the Chieftains trailed in the closing minutes. Only four were "cushion games" for those who think S.U. had a soft schedule.

## Frosh Beat Thunderbirds; Tardie Tops Season Stats

By GERRY HANLEY

The S. U. Papooses scalped the Tacoma Thunderbirds 110-58 Saturday in the freshman season finale. The victory gave the Papooses an overall season record of 12 wins and 14 defeats.

Jerry Tardie, with 30 points, led the future Chieftains to the highest score of the 1960-61 campaign.

**FROSH MENTOR** Clair Markey termed the season very successful. He singled out Greg Vermillion, George Griffin, Jerry Tardie, Steve Sander and Mark Frisby for special praise for their play. Griffin's rapid improvement toward the close of the season proved to be the most pleasant surprise, the coach said.

Looking toward next year, Markey said that he will wait until the high schools complete their seasons before talking to prospective players.

**JERRY TARDIE** is the scoring champ of the Papooses with 363 points. His 113 free throws is tops for the team. Greg Vermillion sank the most field goals, 147, and had the best per-game average, 16.9. Mark Frisby led the team in field goal accuracy with 51%.

## Sharon Missiaen Named AWS Girl of the Month

Sharon Missiaen, 19-year-old sophomore from Bel-lingham, is the AWS Girl of the Month. Mary Lou Kubbick, AWS secretary, made the announcement today.

Sharon was nominated by the Spurs for her "out-standing work on the Homecoming mum sale and the high school press workshop."

A **PSYCHOLOGY** major, the award-winner is a member of the mental hospital committee of the Sodality, the Psychological Society and The Spectator staff. She is also spiritual chairman and decorations chairman for the second floor, Marycrest.

In the citation, Sharon was mentioned especially for the mum sale, for which she "made arrangements for flowers and all the materials necessary to make the corsages. She saw that approximately 100 corsages were made and spent many of her afternoons making them."

**FOR THE PRESS** workshop Sharon took care of pre-registration, assembled packets for the delegates and took charge of actual registration the day of the conference.

Sharon will be awarded the Girl of the Month Bracelet and will be eligible for Girl of the Year honors at the end of the school year.

## Letters to the Editor:

### Executive Secretary Reports Senate Resolutions

Dear Editor:

In compliance with the motion passed by the S.U. Student Senate, I am writing to notify you of the Student Senate's action in regard to the Youth Peace Corps.

**THE MOTION** reads:

**WHEREAS:** the United States of America should be represented both at home and abroad by competent personnel, and,

**WHEREAS:** this representation should not be restricted to the present diplomatic corps and to the members of the Armed Forces, and,

**WHEREAS:** the government of the United States should utilize the vast reservoir of enthusiastic and capable young Americans by means other than the Armed Services as an instrument of its foreign policy, and,

**WHEREAS: THE YOUTH** Peace Corps has been proposed as a method for utilizing qualified young men and women,

**THEREFORE, BE IT RESOLVED:** I. That the ASSU endorse, support, and promote the adoption by the United States of America of a Youth Peace Corps.

**II. THAT THE STUDENT** Senate of S.U. direct the chairman of the Senate to appoint, after consultation with the academic vice president, dean of students, head of the political science department and the president of the ASSU, a committee of three (3) which shall:

A. Be composed of at least one member of the Student Senate, who shall be chairman; (2) Other qualified members of the ASSU.

B. Have the following functions: (1) to aid and assist all

groups on the campus of S.U. which promote the adoption of a Youth Peace Corps; (2) to disseminate information on the Youth Peace Corps to the entire student body at S.U.; (3) to formulate and develop further progress for promoting the adoption of the Youth Peace Corps (these latter being subject to Senate approval).

**C. MAKE A PROGRESS** report on its activities to the Student Senate of S.U. when necessary.

Respectfully,  
Margaret Mason  
Executive Secretary  
Associated Students

Dear Editor:

In compliance with the motion passed by the S.U. Student Senate, I am writing to notify you of the Student Senate's action in regard to the devotion to the Vladimir Mother of God.

**THE MOTION** reads:

**WHEREAS:** the Sodality of S.U. is promoting the Vladimir Apostolate Movement, the veneration of the Icon called "The Mother of

God," and,

**WHEREAS: THE PURPOSE** of this Catholic action movement is to express an understanding and friendship to the members of the Orthodox Churches of the East, and,

**WHEREAS:** Pope John XXIII has pronounced, "The best assurance of reconciliation between Catholics and Orthodox is common love of the Mother of God," therefore,

**BE IT RESOLVED:**

(A) that the Student Senate of S.U. recommends to the student body of S.U. support of the Vladimir Apostolate Movement, the veneration of the Icon called "The Mother of God," and

(B) that letters of this bill be sent by the Executive Secretary to the Very Rev. A. A. Lemieux, S.J., to the Very Rev. Harold O. Small, S.J. in Rome, and to the S.U. Spectator.

Respectfully,  
Margaret Mason  
Executive Secretary  
Associated Students

## It's what's up front that counts

**FILTER-BLEND** up front is a Winston exclusive. It makes Winston really taste like a cigarette. Filter-Blend means tobaccos specially selected and specially processed for good taste in filter smoking. Try Winston.

**WINSTON TASTES GOOD** like a cigarette should!
