Budget slice hits 22 teachers here

by Kathy McCarthy

At least 22 faculty faces will be disappearing from S.U.'s classrooms over the next two years.

A minority know where they will go from here.

TWELVE faculty members, four of them holding tenure, have told The Spectator their contracts will not be renewed over the next two years as part of the school's overall 10 per cent budget slice.

According to University statutes, tenure means a continued renewal of the faculty member's contract by the University. Tenure follows a seven-year probationary teaching period.

The tenured faculty cut include: Edward J. Baldinger, civil engineering, who will continue to teach on a part-time basis; Francis J. Smedley, math; George Town, director of the computer center, and Dr. Bernard Steckler, chemistry, who offered to accept termination if it were absolutely necessary in his department.

SMEDLEY, TOWN and Steckler said they have no definite plans at the moment.

Other teachers affected in the latest cutback are: Sister Rosaleen Trainor, philosophy, Dr. Gerald Gaughan, English, and Donald Ireland, business.

Dr. Tom Green, physics, "almost" had tenure. Dr. Martin Larrey, acting chairman of the history department and Dr. Donald Haynes, English, were coming up for tenure this year.

FR. JOE MILLS, sociology, who was also up for tenure, requested a year's leave of absence to teach at Winthrop College, Rockhill, S.C., and will continue there as sociology department chairman.

Fr. John Fearon, O.P., theology, presented an undated letter of resignation to Fr. Louis Gaffney, S.J., acting president. The letter was accepted effective in June, 1972. He will be on leave of absence until then.

"There are no unpleasant feelings anyplace," Fr. Fearon said.

EIGHT OTHER teachers re-

ceived their non-renewal notices in June, 1970 and will finish their service at S.U. after the current academic year. None of them held tenure.

Dr. John Kearney, English, will be teaching at Lebanon Valley College in Pennsylvania. Sister Diana Bader, O.P., theology, will work in the Adult and Continuing Education programs of the Seattle Archdiocese.

Robert Kuhner, honors, will teach at Anchorage Community College, Anchorage, Alaska.

Sister Danette Dobyns, chemistry; Dr. Andrew Magill, English; Dr. Charles Schultz, psychology, and Dr. James Tallerico, honors, have no definite plans at present. Magill, Schultz and Tallerico were up for tenure when terminated.

Fr. Philip Verhalen, theology, came to S.U. as a substitute teacher. His original contract covered a two-year span and was to be renegotiated annually. "I knew before I came that I was subject to termination," he said.

FOUR FACULTY members reserved comment on the issue of termination and four denied the report.

Two other teachers absent from the campus will be Fr. James Ryan, philosophy, and Dr. Joseph Dobrich, political science.

Fr. Ryan requested a leave of absence in January and will be gone for at least a year.

Dr. Dobrich's one-year contract, renewable quarterly, has been terminated after Winter quarter. He is appealing the decision.

NO OTHER faculty members voiced an intention to appeal the decision. The Faculty Rank and Tenure committee has been set up as an avenue of appeal for tenured faculty whose services were terminated.

Wigwam-hosted 'I.K. Renaissance' begins today in Edgewater Inn

EDGEWATER INN, SITE OF I.K. CONVENTION —photo by bob kegel

The 47th National Convention of the Intercollegiate Knights, hosted by S.U.'s Wigwam chapter, begins today with nearly 150 delegates from 30 chapters checking into the Edgewater Inn.

National I.K. President Jim Stalder, an S.U. senior in political science, will preside over the "I.K. Renaissance," the theme of the session.

THE CONVENTION will continue through Saturday with committee meetings, workshops, and several general assemblies designed to redefine and unify the goals and policies of the national service fraternity. A new president will be elected to replace Stalder.

The convention's social activities will be highlighted by

Thursday night's Royal Queen pageant at 9 p.m. in Pigott Auditorium. Don Clark of KOL radio will emcee the event, while clothier John Doyle Bishop, Seattle city councilwoman Phyllis Lamphere, and P-I columnist Emmett Watson will serve as judges.

Five coeds will vie for the Royal Queen's crown now worn by Vickie Davis of Brigham Young University. They are Nancy Richards of Oregon College of Education, Janet Eggar of Eastern Washington State College, Shelly Davis of College of Idaho, Cindy Ware of Eastern Montana College, and Debbie Schieler of the University of Missouri at Rolla.

ENTERTAINMENT for the eve-

ning will be provided by the S.U. A Capella choir and the Illegitimate Jug Band.

Guy DeJulio, who helped found I.K.'s here in Seattle 52 years ago, will speak at the Founders' Dinner earlier in the evening.

King County Prosecuting Attorney Christopher T. Bayley will discuss "The New Electorate" at a luncheon tomorrow in the Edgewater.

Most of the convention's business will be conducted at the Edgewater, although the delegates will move to the Lemieux Library for Thursday's sessions. Friday's Royal Banquet and Royal Ball will be in the Rainier Room at the Seattle Center.

ASSU officers, senators call for names of released faculty

ASSU officers and student senators joined last night in calling on the University to release the names of any instructors who will be leaving the faculty "for whatever reason."

COMPLETE information about the extent of recent faculty terminations is vitally necessary, the officers said, in order for students to plan their academic careers.

The ASSU officers also asked that the "considerations used in determining which par-

ticular instructors would be terminated," be made public.

"The concern of the students is not with the retention of 'favorite teachers,' but rather of qualified instructors," the resolution states.

"The projection of the positive attitude which has been the goal of the University throughout this academic year is not possible so long as the students are deprived of the knowledge of the actual condition of the University—both academic and financial," it adds.

THE RESOLUTION further asks that additions to the faculty be well publicized, and that in "any subsequent occurrence of this nature," the interests and "level of competence" of the student body be taken into account.

The ASSU executive board accepted the resolution unanimously. The senate ratified it by a vote of 12-1 with 2 abstentions.

In other senate business, three presidential appointments were confirmed, and officers reports were heard.

The appointees were Doug Maryatt, named Sophomore class president, Mary Jean Buza, appointed ASSU comptroller, and Jolena Bumanglag, named ASSU executive secretary.

ASSU Secretary Pierina Di-Iorio reported that since officers had met last with William E. Boeing, a regent, plans were being made for full-scale meetings with both the Board of Regents and the Board of Trustees.

Treasurer Pat Lupo appeared before the senate to ask concurrence in placing a constitutional amendment before the voters next month. The amendment would move ASSU Budget preparation from fall to spring.

ASSU President Matt Boyle outlined the newly-released ASSU guidelines (see story this page).

ASSU officers finish nine-point guidelines

by Don Nelson
Editor

The ASSU officers, after weeks of working, re-working, and polishing, have put the finishing touches on their "guidelines for 1971-72," a nine-point plan designed "to promote a more effective and cohesive relationship between students, faculty and administration."

The officers hope to implement the program, outlined in a two-page statement, over the next year.

UNDER THE FIRST point, ASSU government, the officers promised a revitalized speakers program and an educational film series. They noted that the ASSU will continue to coordinate all campus student functions.

In the second point, the officers clarified their conception of the relationship between the ASSU and the administration: "It is imperative that the administration consult with and inform students on all decisions directly affecting the students. The ASSU is the sole representative in such matters."

Thirdly, the officers said they will move to re-establish a course - teacher evaluation in each department. They will also try to seat a student on the Fac-

ulty Rank and Tenure Committee.

IN THE AREA of curriculum, the ASSU will utilize the resources of the Student Senate Academic Committee to investigate possible changes in "the existing economically deterrent core curriculum."

Under the fifth point, the ASSU will advocate that advisers accommodate students wishing to deviate from the prescribed four-year outline in the catalogue, and that students be assisted in coordinating disciplines such as psychology and sociology.

The ASSU also promised to assure "better human relations in all student affiliated offices." The officers hope that students who feel they have not been treated with dignity or respect will report any incidents to them.

UNDER THE seventh point, the ASSU will allocate funds to promote a more effective recruiting program, in conjunction with the Admissions Office and the Student-to-Student Committee.

In the area of public relations, the officers propose to "procure the support of the various media in publishing University activities. The Spectator shall be the primary voice of the student government."

Finally, the officers noted that they "will work to assure a liberal housing policy befitting of mature students. We will work with the administration to investigate and initiate alternate forms of housing."

State Senate passes S.B. 419; House prospects encouraging

by Ann Standaert

Dr. Don Patterson, executive director of Washington Friends of Higher Education held an informal progress report on Senate Bill 419 yesterday in the Bellarmine snack bar.

S.B. 419, which would allow tuition supplements of \$100 to resident students attending the state's ten private colleges, has recently passed the Senate by a vote of 34-11.

Marjorie Lynch, chairman of the House Committee on Higher Education, anticipates that the bill will be called up before the committee this afternoon and should reach the House floor

Thursday afternoon or Friday morning.

DR. PATTERSON feels that the bill should have no problem passing the House. "Right now, we've got good support," he said.

If the bill passes the legislature, the details of the management will still be debatable. The bookkeeping would probably be left up to the schools, but it is to be stressed that it is the intent of the law that the student would be credited.

This means if the bill passes, Washington State students will be able to see a reduction of \$100 in their tuition.

Program on drug abuse planned

A three-part educational program on drug abuse, sponsored by the Student-Administration Committee on Residence Halls, begins tomorrow at 7:30 p.m. in Bannan 102. The program will continue each Wednesday for the next two weeks.

The opening session will feature speakers and former drug addicts from Tee-Dru-Nar-R, a non-profit rehabilitation program sponsored by the Creative Life Foundation. The speakers will relate their experiences with drug abuse and explain how they "got off" drugs.

A question and answer period will follow.

peace seminar

A six-part seminar on the issues of war and peace will begin Thursday night with S.U. faculty members and speakers from the Seattle World Without War Council discussing "Various Attitudes Toward War."

The once-a-week sessions are sponsored by the newly formed S.U. Peace Fellowship. Interested students must sign up for the seminar in the Draft Counseling Center office, third floor, Pigott. A small fee may be charged.

Topics to be discussed in following sessions include "An International Conflict Study," "Non-violent Alternatives to Violent Conflict," "Viet Nam," "The Role of Conscience," and "What Can I Do."

wac here

First Lt. Emily C. Bradshaw will be on campus tomorrow as a representative of the U.S. Women's Army Corps.

Lt. Bradshaw is in charge of recruiting women, both enlisted and officers, to serve in the Corps from the state of Washington, Northwestern Idaho, and Western Montana.

SHE IS a product of the Army's WAC college junior program. It allows college juniors to go to the Corp's training center at Fort McClellan, Ala. at the Army's expense for four weeks to observe the life of an Army officer.

Those interested in Army service may be selected for an Army scholarship, which pays most of the expenses of their senior year in college.

Lt. Bradshaw will be available to talk with students from 10 a.m. to 3 p.m. in the dorms.

we'd have been just another pretty face.

We found this old tray in the attic the other day. It's one of those things that make you wonder how you ever managed to get where you are. Golfers win two, falter in tourney

A deluge of rain and the loss of two S.U. golfers due to an indecisive coach were overcome by the Chiefs last week as they defeated Gonzaga and the University of Washington in a three-way match.

The win upped the S.U. record to 3-0 in match play.

"THE GONZAGA coach looked at the pouring rain and called off the match. Two of our top players left for home. Five minutes later Gonzaga decided it would play, but we were without those two leading team members," said S.U. coach Tom Page.

When the final scores were posted, the Chieftain linksmen had decisively beaten the U.W. 377-383 and Gonzaga, 377-428.

Jim Brady of S.U. was the medalist for the match with a five under par 67 in the driving rain.

THE CHIEFTAINS were in the Alderbrook Intercollegiate Tournament earlier last week. S.U. finished third in the six team tourney, behind Portland State and Washington State.

The Chiefs trailed the second place Washington State Cougars by two strokes. Other teams in the tournament were the University of Washington, Gonzaga and the University of Puget Sound.

Individual S.U. scores during the Alderbrook Tournament were: Randy Puetz (152), Steve Dallas (153), Keith Williams (153), Jim Brady (154), George Schindler (155), and Bob Lee (159).

TENNIS

A tired group of tennis players returned home Saturday after six days of road trip action.

The Chieftains lost to all their opponents.

SINGLES PLAYER Mike Prineas won two of the five matches that S.U. did win. Prineas beat Terry Moor of San Jose State 6-3; 3-6; 6-3. Mike also defeated Foothills College's number one singles player 6-2;

6-3. Prineas' season total after the five road trip games is 7-2, the best Chieftain record so far this season.

Don Gerstmar is trailing Prineas with a 4-4 record. Gerstmar and Prineas are the number one doubles team.

The Chieftains lost to Foothills College April 6 by a 5-4 margin. Prineas won his match, Don Gerstmar defeated his opponent 6-4; 5-7; 7-6, and Stu Cusick beat his contender 6-2; 6-2. The team of John Galbraith and Dave Merrill won their doubles match by a tie-breaker.

THE SECOND match, April 7th, was against Stanford. S.U. lost 9-0. Stanford has the best singles and doubles players in the country.

The team then traveled to Berkeley, Calif., and challenged the U of Cal.; S.U. lost 9-0.

San Jose State College handed S.U. its next defeat, 8-1.

THE TEAM'S schedule is the most difficult in Chieftain history. The schools they play comprise the best players in the country.

"This is really a tough schedule, but it's really good to have the opportunity to play them," Prineas said. "It's awfully good experience."

The team's next match will be tomorrow against University of Puget Sound at 2:30 p.m. at the Mercer Island Tennis Club.

BASEBALL

Raindrops keep falling and falling and falling . . .

Out of 16 games supposed to have been played, the Chiefs had only five games scheduled that they have been able to play.

Last weekend's games against the University of Portland and Washington State were both rained out.

THE GAMES that have already been cancelled cannot be played again because those teams do not play any more games near Seattle.

The next game scheduled, if it does not rain, is on Thursday against Shoreline CC at 3:30 p.m. at Hamlin Park.

CREW

S.U. crew placed third, fourth, and third in various races Saturday on Lake Washington.

The first race had S.U.'s lightweights, University of Washington's lightweights, Western Washington heavyweights, and Oregon State's lightweights scheduled.

THE U.W. placed first with a time of 6:15. Second was Western with 6:24, and trailing behind them were the white and red-shirted Chieftains finishing only four seconds behind at 6:28. Oregon State crossed the line lagging behind with 6:35.

The big victory in the race was the Chiefs finishing seven seconds ahead of Oregon State. It was Oregon State who would have defeated S.U. in last week's races in Oregon, except the Beavers were disqualified because of cross-lane interference. So the Ducks were out for blood in Saturday's race, to prove they could beat S.U. without disqualification.

Three schools participated in the novice race, U.W. had two boats, and both S.U. and Western had one.

THE UNBEATABLE Huskies placed first and second while Western stroked in third and S.U. in fourth.

In the infamous four race, S.U. crew members Barry Leahy, Jim Heil, Dan Fulwiler and John Gardin were pitched against U.W.'s best four and Western's top four.

Again for the fourth time, U.W. picked up the first place, with Western cruising in at second and S.U. in third.

Head coach Jim Gardiner and assistant coach Bob Pigott are trying to get Pacific Lutheran up for a pickup race for April 24. Until then the crew's next race is this Saturday with Western in Bellingham.

Lon Copenhaver at 'home' anywhere on the diamond

by Sue Hill
Sports Editor

The kind of player a coach is always looking for is the all-around utility man, the type of player who has the material and confidence to play infield, outfield, pitch and hit.

Such a person is senior Lon Copenhaver. Copenhaver has the ability to play any position in which head coach Eddie O'Brien could put him. He has played two previous years in the outfield, along with brief stints almost everywhere else on the field. Presently O'Brien has him playing at third base.

TO PIN-POINT his one outstanding position would be to name any position on the field.

Lon, when called upon, can be a good short relief pitcher as shown by his statistics from last year. He won five and lost zero while only pitching 28 2/3 innings.

When called upon to hit in a crucial situation, a coach would like to have a man like Copenhaver standing in the batter's box. Lonnie was the leading RBI hitter last year with 28 and his average was .295. His average to date is .263.

COPENHAVER, like the rest of the team members, is becoming increasingly frustrated with the weather. The games that have been cancelled can not be re-scheduled, consequent-

Lonnie Copenhaver

ly early season experience has been nil.

"If we ever get to play any more games," Copenhaver said, "I am confident that we can win. We need improvement on timing and working together as a team, but we need game experience for that." But a bit of sunshine and a near dry field is needed for that game experience.

Looking ahead to the pros, where he might find some undercover stadium to play in, Lonnie says he would like the chance to play but that, "I don't know if I will have the breaks or the talent to be able to make it."

Some student body officers and some member of The Spectator staff recently (Spectator 4/6/71) hurled excommunications at the administration for lack of communication. Nothing specific was recounted—just the generalized complaint that “no-body tells us” what is going on. The students doubtless assume that the Trustees who meet at least once a month on policy matters take an oath of absolute secrecy before disbanding.

IT MIGHT give some insight into the expectations involved in communication to know that only recently one Trustee

Fr. President responds

dropped a broad hint to the President that the Trustees didn't know what was going on in the University and would like better communication.

Although communication is a very complex process, both physically and psychologically, one might for simplicity's sake suggest that it is a two-way street. Twice since the new student officers were elected, I have asked for a get-acquainted / communications meeting with them, but have not yet received an invitation.

Earlier in the year, at a meeting of the presidents of all the student clubs and organizations, I mentioned that the President would welcome invitations to club meetings for better acquaintance and communication but, except for a couple of social functions or banquets I don't recollect a single invitation.

EXCOMMUNICATING calls and letters from alums, parents and benefactors attest that the President, too, is often in the dark about many exigencies such as why certain “nut” speakers from the community at large keep appearing on campus, how a tasteless, immature article with little redeeming literary merit can appear in a university literary publication, how intemperate articles or letters to the editor can appear in the school paper, or some such di-

lemma as “please explain why the committee for the peaceful overthrow of government is not allowed to meet on your campus when the committee for the violent overthrow of government meets regularly.”

The highly approved communication that the budget must be balanced and that over-staffed departments must be cut back turns to excommunications everywhere when one's own department or instructor is involved, and this even though months were spent in reaching the difficult decisions.

I BELIEVE that every president of S.U. in the past 15 years has attempted to improve communication by scheduling an open-house or rap session once a week or month, only to have it grind to a halt from lack of interest. The President (and I am confident the Vice Presidents, too) would be very willing to schedule a “comm-excomm” meeting at least once a month if it will ameliorate communication, but such a scheme still risks the possibility of excommunication from those who don't attend. As a matter of fact, the Faculty Bulletin and Spectator have done quite well in communicating all the University news.
